## CCF Challenge To Social Credit In Similkameen Crushed In By-Election Polling For Gunderson

### Winch, Finance Minister Differ On Alleged Promises

### FIRE TRAINING FOR PACKERS IS SUGGESTED

Penticton fire chief and the fire hall committee are to meet packinghouse officials here in order to discuss training of packinghouse personnel in fire fighting and fire prevention.

Decision to hold the meeting was made by council, Monday, after Alderman E. A. Titchmarsh told the city fathers that packers throughout the valley were more concerned than ever about fire hazards since the fire at the Keremeos packing plant last week.

"All packers are concerned about fire protection," he said. "The directors of the Penticton Co-op have suggested that members of the permanent packinghouse staffs should receive fire training so that they will be better fitted to handle any fires which may break out."

"The permanent staffs are less busy at this time of the year and I think it would be a good time for training," he declared.

Fire Chief H. M. Foreman, present at the meeting, indicated the fire department's willingness to cooperate in such a scheme.

### Canadian Club To Hear Address By Professor Soward

Guest speaker at the next dinner meeting of the Penticton Canadian Club, to be held Monday, December 8, in the Hotel Prince Charles, will be Professor F. H. Soward, well known authority on international affairs.

A professor of history and director of international studies at the University of British Columbia, Professor Soward is well qualified to speak on the confused international situation.

Topic of his address, which was arranged for by the local club executive, will be "International Outlook."

Hot ashes in rubbish dumped for fill on Lee avenue get fire to bull-rushes about 9 a.m. Monday.

### Dominion Government Won't Help

## Penticton Creek Our Responsibility

Department of Public Works referred to City Council that the Penticton Creek flood control project, the dominion government's responsibility, should be taken over by the city. The city's finances should be stabilized by the dominion government and corrections to the dominion government's financial assistance from the provincial government should be sought.

### Entomologist To Address Meeting Of BCFGA Local

Dominion government entomologist Dr. James Marshall will be speaker at a meeting of the Penticton local of the BCFGA to be held in the Hotel Prince Charles tonight. Topic of Dr. Marshall's address will be "Potential Insecticides for 1953."

Business on the agenda includes presentation of the nominating committee recommendations for the BCFGA central executive, the Board of Governors, the Fruit Board and the Fruit Processors. Two members are to be elected to the first and one to each of the last three of these bodies.

Resolutions to be presented to the 1953 convention of the BCFGA will be discussed and alternative delegates to the convention will be appointed. Members of the local are being urged to submit resolutions to the meeting for discussion.

City electric light department crews replaced 13 broken street lights last week.

Charges that promises were made by Social Crediters during the Similkameen and Columbia by-election campaigns which would entail expenditure of approximately \$7,000,000 were made by Harold Winch, leader of the provincial CCF party, when speaking over the local radio on Monday night following the crushing defeat of the CCF candidates in both the Columbia and Similkameen ridings.

HAROLD WINCH, CCF  
... in bitter mood

### Kamloops Players Robbed During Last Night's Game

Theft of approximately \$50 from the Kamloops "Bills" dressing room at the Memorial Arena last night is under investigation by RCMP officers here.

The thief, or thieves, entered the dressing room through the window and rifled the pockets of the players' clothing while the game was in progress.

The window through which entry was gained opens only to a width of eight inches, according to arena manager Fred Madden. The windows are six feet from the ground and two-and-a-half feet long and four feet wide.

Mr. Madden reports a number of thefts from the arena in the past.

Spare tires were stolen from cars belonging to arena engineers Ted Miles and George Maynard. Mr. Maynard's tire was subsequently recovered.

The arena concession has been broken into in the past and Monday night thieves entered the store and tried unsuccessfully to enter the concession again. Mr. Madden believes that on Monday the culprits hid in the arena until it was closed.

The charges were emphatically denied by the Hon. Einar Gunderson, B.C. finance minister, and newly elected member for the Similkameen, in an interview with The Herald shortly before he left for Vancouver on Tuesday morning. "We made no promises," Mr. Gunderson said. "It is true I did look over many matters brought to my attention as requiring action, and I undertook, if elected, to do what I could towards getting these things done, but neither I, nor anyone else campaigning on my behalf, made any definite promises."

At the Social Credit rally held in Penticton last Wednesday no promises were made, although Premier W. A. C. Bennett did stress the fact that now the interior for the first time had fair representation at high levels in Victoria. "We shall deal fairly with the entire province but for the first time B.C. has a government which is going to be fair to the interior," the premier declared.

Listed by Mr. Winch, but not during his radio address, as promises made by the Social Crediters were the re-location and paving of the Richter Pass road between Keremeos and Oliver, building of a paved highway from Caston to Night-hawk, building of the long mooted dam to replace the old Campbell Meadow dam, thus providing Okanagan Falls with a domestic water supply, and in the Columbia, provision of hydro electric power for the riding.

"These things were promised by Social Credit," Mr. Winch asserted, "and they will cost anything from seven to eight million dollars." Mr. Winch made it clear that the results of the by-elections had not ended the CCF's fight against Social Credit, insofar as the CCF is concerned.

At a time usually devoted to congratulations and condolences and hand shaking between opponents Mr. Winch elected to continue the battle.

Said Mr. Winch, "November 24 is an important day in the Province of British Columbia. There have been two by-elections held, and you as the electors have made your decision."

After thanking CCF supporters, Mr. Winch went on "I wish as an individual, and as a member of the B.C. Legislature, to extend my congratulations on a personal and individual basis, both to the Social Credit candidate in this riding and to the candidate of Social Credit in the Columbia Riding. May I say to you Mr. Bonner and Mr. Gunderson, it is with great personal regret, that I can only extend my congratulations to you on a personal and individual basis."

"In the 20 years I have been in parliament, I have, of necessity and naturally, become a student of economics and social affairs, and I cannot, unfortunately, extend congratulations on behalf of the party which you represent, because of my sincere belief that the expression and opinions of your party are such that, in my opinion, they are a danger to a democracy in British Columbia and the democracy of the Dominion of Canada. I refer, of course, very specifically to statements attacking the United Nations and policies which I think are ruinous to the Province of British Columbia."

"I think that in all sincerity Mr. Gunderson and Mr. Bonner have made promises directly and indirectly to the people of the Similkameen, and of Columbia, and may I say to you, the voters of Similkameen, and I am doing it right here in the presence of Mr. Gunderson, who is only approximately three feet away from me, and to you who voted Social Credit — that all the promises made are going to be fulfilled."

"I have made an analysis of the promises made in Columbia and Similkameen, and in my estimation they total approximately seven million dollars."

Turning to Mr. Gunderson, Mr. Winch went on, "You are the minister of finance and I want to assure you Mr. Gunderson that I will support you in your budget speech, and Mr. Gunderson may say this to you now, as minister of finance."

**SIMILKAMEEN'S MLA ELECT** and its former representative were victory smiles here Monday night after by-election results gave the Hon. Einar M. Gunderson (Social Credit) at left, a resounding victory over H. S. Kenyon (CCF) and Joseph Klein (Farmer-Labor). Shown above Similkameen's former Social Credit MLA elect the Rev. Harry Francis congratulates Mr. Gunderson on his victory. Mr. Gunderson, until his election, was finance minister by appointment in the B.C. government. Mr. Francis, elected in June, resigned his Similkameen seat to make way for Mr. Gunderson.

### Finance Minister Fitted For Post

## Not A Square Peg In A Round Hole

Political affiliations altogether on one side it is the consensus of opinion that in the Hon. Einar Maynard Gunderson the Similkameen has an able representative in the provincial legislature.

The silver-haired, 53-year-old minister of finance, appointed by Premier W. A. C. Bennett from outside the elected ranks of the party and acclaimed by the premier to be "the best finance minister the province and, for that matter, the dominion has ever had," certainly fills the bill from the point of view of his profession and his wide experience as a chartered accountant.

Nor is Mr. Gunderson a stranger to government financing, having served as secretary and chief accountant in the provincial audit department in Alberta for the department of lands, mines and forests, and as superintendent of income tax for the Alberta government. He has been associated with many top ranking firms of chartered accountants and was at one time controller of the big Marshall-Wells Canadian Companies in Winnipeg.

He is a partner in the well-known firm of chartered accountants, Gunderson, Stokes, Walton and Co., of Vancouver and Victoria. His home is in Vancouver but he and his family are expected to take up at least temporary residence in Victoria as a result of his appointment as minister of finance for B.C.

Apple of the new Similkameen member's eye is his one-year-old granddaughter, Margaret Fern Bridgman, of Seattle, Wash., whose mother is the only daughter in the family of three. His youngest son, Garth Einar Gunderson, is 14, the only one left at home. The other son, Derek Maynard, whose home is in Lethbridge, Alberta, is a veteran of the Korean war, serving with the PPCLI.

Of Norwegian and Swedish descent the finance minister has all the physical attributes of these two sturdy races. "Not easily startled," say his intimates, "but he's not a man to cross," they warn. Mr. Gunderson received his high school education at the University of Saskatchewan. He served in the (Continued on Page 5)

## Finance Minister Victor By Near Two To One Majority

Little more than six months ago the British Columbia Social Credit party appeared a negligible factor in the battle for power being waged between Liberals, Progressive Conservatives and the CCF, following the disintegration of the Coalition government.

That was before the June 12 provincial elections, on which politically historic day the Social Credit party won 19 seats, nine more than the CCF. In the process the proud old line parties were almost decimated. The Social Credit party's unexpected victory was written off by many as a protest vote, a flash in the pan. But the fledgling party flexed its muscles in the Similkameen and Columbia provincial ridings on November 24 and demonstrated to watching province and nation that it would be on the British Columbia political stage for some time to come.

As a result of the Monday by-elections in which Social Credit Premier W. A. C. Bennett implemented his pledge to seat the two men he had appointed from outside his 19 elected members to serve on the cabinet, the Social Crediters, although not increasing their numerical strength in the house, have immeasurably enhanced the prestige of the group.

Here in the Similkameen Finance Minister Einar M. Gunderson was elected by a near 2-1 majority over CCFer H. S. Kenyon, smashing one of the most determined bids for victory ever made by the CCF.

In the Columbia riding Attorney-General R. W. Bonner trampled over vigorous Liberal and CCF opposition to hold the riding for Social Credit and to win himself a seat in the legislature. "It was also a three-way contest for the Similkameen," but Joseph Klein, Copper Mountain miner, running as a Farmer-Labor Independent, only received 137 votes and the election, despite the miner's last minute entry into the fray, remained basically a contest between the Social Crediters, the Liberals, and the CCFers, under the colors of socialism.

Finance Minister Gunderson won by a whopping majority of 1929, polling 5481 votes against Kenyon's 3552.

Attorney-General Bonner shared honors with Similkameen's successful candidate in the convincing nature of his victory. Running in the Columbia riding, Mr. Bonner was conceded the win by his opponents only an hour and 32 minutes after the polls had closed. He polled 1,946 compared to 443 for Kenney-Lide, Liberal, and 365 for Chris Madson, CCF.

Sweeping Mr. Gunderson to victory were the former Conservatives and Liberals who, without candidates to vote for, supported Social Credit. This is indicated in the 3553 votes recorded for the CCF which was only 119 more than Mr. Kenyon won in the June 12 election. This is a source of gratification to the defeated CCF candidate, who after the tabulation declared, "They've won the riding but the (Continued on Page 5)"

H. S. KENYON  
... will fight again

HON. R. W. BONNER  
... Columbia victor

### Third Candidate In Field

## Two Aldermen To Seek Re-Election

Alderman F. C. Christian and Alderman E. A. Titchmarsh whose terms of office expire at the end of the year have decided to seek re-election.

Alderman Casey Phipps, also retiring, is standing firm on his decision, announced recently, not to run again.

## JOAN NAGLE TO BE QUEEN IN ICE CARNIVAL

Miss Joan Nagle, Penticton's Queen Val-Vedette V, will be Queen of the Ice in the Connaught Skating Club's new presentation the "Coronation Show" which plays in Vancouver December 10 and 11 and in Penticton December 29 and 30.

Miss Nagle will take the part of the Queen in the coronation ceremony in the show's big scene.

Theme of the show is a world tour by air, each scene representing a different country. The finale is set in England where the coronation is enacted.

Miss Nagle will leave for Vancouver on December 9 in time for the two-day show.

In Penticton the show is to be sponsored by the city Kiwanis Club.

### Driver Faints At Wheel; Unhurt In Resultant Crash

A Victoria driver narrowly escaped serious injury when his car rolled over on its side on Main street, after he had a spell as he was driving a late model Hudson. The car rolled over on its side and collided with a late model Chevrolet. Mrs. Kurtz, driver Harry Kurtz, sustained slight lacerations. Her husband was unhurt.

Damage to the smaller car is estimated at about \$200. The front fender of Mr. Kurtz' car was smashed.

**FIRST OF THREE NEW BRIDGES** to span the Okanagan River's new channel is just taking shape at Fairview road on the Indian reservation. The three piers and abutments shown in this picture will be straddled by steel next month according to Maurice Lambert, superintendent in charge of construction for the G. W. Ledingham company. The bridges are to be 160 feet long and will have a 24 foot traffic way. A similar bridge is under construction at Skaha Lake and a third will span the channel at the foot of Eckhardt avenue. Work was started in September and must be completed before July, 1953. The company will also build a bridge across Penticton Creek on Front street. Total cost of the four bridges is \$150,413.

MRS. HAROLD MITCHELL

DIAL 4055

## Cawston Couple To Celebrate Golden Wedding

In observance of the golden wedding anniversary of Mr. and Mrs. Campbell Elliott MacKenzie, of Cawston, open house will be held on Sunday afternoon and evening at the home of the couple's son and daughter-in-law, Mr. and Mrs. Kenneth MacKenzie, of Cawston. Co-hosts for the occasion will be the anniversary-celebrants' daughter, Mrs. Milly Matthews.

Pioneer residents of Cawston, Mr. and Mrs. MacKenzie were married in Phillips, Price County, Wisconsin, on November 30, 1902, with Rev. Samuel Murphy as officiating clergyman.

Mr. MacKenzie and his young wife, the former Miss Ora Louisa Clarke, moved to Canada in 1905 and resided at Springfield, Manitoba, until coming to British Columbia in 1915 and settling in Cawston. There they purchased acreage, cleared it and, planted an orchard.

Due to the unflinching work and assistance of these pioneer settlers the then very small community has reached its present development. Through their efforts many established enterprises were formed; the school district, water board, Cawston-Keremeos Co-operative Growers' Exchange and other ventures. Mrs. MacKenzie is a charter member of a number of women's groups and was church organist with the United Church for over 20 years. They had a family of four children, Albert Campbell, Amelia Ada (Milly) and Kenneth Alister, all of the Cawston district, and one son deceased in infancy, Munroe Harland.

An invitation is extended to all friends of the long-married couple to attend the reception on Sunday.

Mr. and Mrs. R. A. Patterson and Mr. and Mrs. George E. Lang left on Sunday to motor to the coast where they will visit until Friday. While away they plan to divide their time between Vancouver and Seattle.

THE FLOWER-POT neckline, one of the 1952 trends in the fashion world, is shown above in a smart tweed.

## Donna Longmore, Hugh Kerr To Wed In December

Creating wide Okanagan and coast interest was the announcement made last week by Mr. and Mrs. Alan T. Longmore of the forthcoming marriage of their younger daughter, Donna Jean, and Hugh A. Kerr, son of Mr. and Mrs. William Roy Kerr, of Vancouver.

Rev. Ernest Rands will be officiating clergyman at the ceremony to be held at seven-thirty o'clock on the evening of December 6 in the Penticton United Church. Named as Miss Longmore's attendants are her sister, Mrs. Earle C. Martin, who will be matron of honor; Miss Charlotte Richardson, of Vancouver, and Miss Donna Geddes, of Vancouver and Penticton, bridesmaids.

Clint Mussenden, as bestman, and Donald English and Kenneth Kirkland, as ushers, will all come from Vancouver for the wedding ceremony.

A reception will be held in the Masonic Temple social hall.

## Alice Hulett Appears In Coast Rotary Show

A former Pentictonite, Miss Alice Hulett, a dancer who has gained renown through her many theatrical appearances in Canada and the United States, has just completed an engagement with the Rotary show in Vancouver.

The show, "Stars of the Vaudeville Stage," held during the current month in coast cities, played to capacity audiences.

Comments appearing in the Victoria Daily Times by Audrey St. D. Johnson and in the Victoria Daily Colonist by Ray Banes were most complimentary to the talented artist.

Taken from the Victoria papers was the following "included in the all professional show was lovely and talented Alice Hulett, who provided a major part of the scenic attraction. As she does her clever dances in toe shoes, intricate tap routine on points is Alice's specialty. Perfect balance, poise, lightness and muscular strength in her hip toe number with skipping rope made this one of the more spectacular turns."

At the close of the coast show Miss Hulett left to fill an engagement in Spokane.

## Order Of The Eastern Star Sponsoring Annual Bazaar And Tea On Saturday

Homecoming and a wide variety of other articles will be offered for sale at the annual bazaar and tea being held on Saturday afternoon in the Masonic Hall under the sponsorship of Edina Chapter, Order of the Eastern Star.

An opportunity will be presented for the Christmas gift shopper to add many items to her holiday purchases. An attractive selection of fancy work, sewing and knitting has been prepared for the annual bazaar under the direction of Mrs. William Munro and her committee comprised of Mrs. J. L. Hooper, Mrs. Cliff Greyell, Mrs. W. Mutch and Mrs. Gordon A. Clarke.

Mrs. J. S. Dicken, Mrs. Janet Stiffe and Mrs. E. D. Clark are in charge of the novelty booth and the white elephant stall.

Delicious homemade cookies, cakes, pies and breads will be for sale under the supervision of Mrs. Graham Knight, Mrs. J. T. Lang-

## Educational Minister And Member Of BC Legislature Speak At B.P. Club Meeting

More than seventy-five members and guests attending the monthly dinner meeting of the Business and Professional Women's Club on Wednesday evening heard two women prominent in British Columbia politics, the Hon. Mrs. Tilly Rolston, Minister of Education, and Mrs. Laura Jamieson, MLA, O.C.F., expound their views on the educational system of the province.

First to address the meeting, Mrs. Rolston confined her talk to the development of the present system employed in B.C. Her comprehensive and informative address made slight reference to her political affiliations.

"I am not by any means the last word in education," she said in opening her remarks. "Education in British Columbia is big business; it costs the government 66 million dollars annually."

She went on to describe the B.C. schools as among the very best to be found and said "children are kept in our schools longer than in any other province in the dominion."

The present system tends towards an all-around education. There is an endeavor to train boys and girls to fill positions in the professions and trades as they are made available through the development of our natural resources, she explained.

The minister of education closed her address by admonishing the women to exercise their franchise. "Women control 52 percent of the vote, power is in our hands and we should use it," she said.

At the conclusion of Mrs. Rolston's address, Mrs. Laura Jamieson took up the topic of the provincial educational system. She heartily agreed with Mrs. Rolston that it was of the best but contended it was "socialized education." "The payment of taxes are compulsory," she stated, and we all contribute to this means of financing our government enterprises.

The O.C.F. member gave credit to two former B.C. ministers of education, the Hon. G. M. Weir and the Hon. W. T. Strath, for establishing the excellent foundation of the present school system developed in the province.

"Education should go forward as is," she stated. The natural resources of B.C. should supply by heavy taxation the means of advance in this respect.

"We need a good adult educational movement in British Columbia," Mrs. Jamieson said in conclusion.

Following the two timely addresses the speakers were thanked by Miss Grace D'Aoust, president of the B.P. Club.

BP Women's Club To Sell Growing Bulbs At Tea  
Various matters of interest were on the business agenda at the regular monthly dinner meeting of the Business and Professional Women's Club held last Wednesday in the Alexander Room of the Canadian Legion Hall.

The club members are growing bulbs which will be sold at the annual B.P. Club tea to be held in the Legion Hall with the tentative date set for January 17.

When the club holds its annual Christmas party at the next club meeting in December donations of good used clothing received at that time will be forwarded to the Unitarian Relief Services for distribution overseas.

Dr. Lotta Hittschmanova will receive a contribution from the Penticton B.P. Club to be used for her "Children of Korea" fund.

## Christmas Parties For Naramata Sunday School

NARAMATA — Sunday School teachers of the Naramata United Church, meeting last week at the home of Mrs. J. A. Noyes, made plans for the annual Christmas entertainment for the children of the church.

Following considerable discussion it was decided not to hold the annual concert but to give two Christmas tree parties; one for the pre-school children and one for the school age youngsters. Santa will be present when the very young children hold their party on Wednesday afternoon, December 17, in the church parlors. The party for

the older Sunday School pupils will take place on the evening of December 18 at 7:30 o'clock, also in the church hall.

Party arrangements are being made by the teachers who instruct the 70 children; Mrs. Percy Hancock, superintendent; Mrs. W. O. June, and Mrs. Philip Rounds, teachers of the pre-school classes; Mrs. J. D. Rely, Mrs. M. Gavne and Russell Tossaw, primary girls and boys; Miss Jean Stiffe, junior girls; and Clayton Heron, Dean of Men at the Leadership Training, junior boys.

Miss Marion Thom, of Vancouver, visited over the week-end with her parents, Mr. and Mrs. J. Thom.

## EDITORIALS

### Our New Member

The Hon. E. M. Gunderson, B.C.'s minister of finance, is the Similkameen's new member as a result of Monday's by-election.

The riding is therefore represented in the cabinet for the first time since W. A. McKenzie headed the mines and labor departments in the Tolmie regime that came to an end almost twenty years ago, and the ministry of finance returns to the interior for the first time in as long an interval, since the days when J. W. Jones, representing South Okanagan, held such an honor.

With Premier Bennett now representing our adjoining constituency and with his most important colleague, Mr. Gunderson, as our own representative, this important part of the province, under the new government, is emerging from the more or less shadowed backwater stage forced on it for a couple of decades.

It is a happy development. For even if Mr. Gunderson should some day lose the seat, and the Social Credit government go down on any future occasion, it goes without saying that a winner here in any other party has thereby gone far to establish his own claim to cabinet rank, in a constituency of strategic importance. Similkameen, therefore, will probably enjoy an ascendancy in provincial affairs for some considerable time to come, regardless of political fortunes.

But what is only fair to emphasize at this time is that the riding owes its thanks for this enhanced position to the present government and Mr. Gunderson.

in the first place. If he chooses to remain here as a contender, as he says he will, he will no doubt win a wider and warmer acceptance in the future, in at least his personal status as a candidate.

Mr. Gunderson's statement that he would do just that—stake his political future on continuing as our candidate here—did much, we feel, to win even further support for him in the later stages of his campaign. The Herald itself was lukewarm about a by-election involving what at first appeared to be a "pro tem" member only, though admiring Mr. Gunderson's widely-known ability and capacity to fill the important portfolio being given him. Indeed it was in that very recognition of the obvious respect held for him throughout B.C. that there was the understandable feeling that Similkameen must some day see him stand for election elsewhere. Now, however, with his statement that he intends to continue to offer himself to the voters of Similkameen, there is a new and encouraging perspective to things.

Of the election itself, and its results, no further comment is necessary.

The constituency obviously decided that, in the interests of a better administration for British Columbia, its votes should go to strengthen the cabinet, rather than to force it to the verge of an immediate defeat before even one sitting of the legislature, and this viewpoint, it transpires, outweighed the vigor of a purposeful CCF campaign and the appeal of a well-known local candidate in Mr. Keyon.

### Letters To The Editor

Correspondence will be carried by the Herald only when it is accompanied by the writer's name and address.

Editor,  
The Penticton Herald.

**HE'S AGAINST IT**  
I address this letter to the Mayor and to each member of the Penticton City Council.

Gentlemen, do you think it speaks well for Penticton, reputedly the fastest growing city in Canada, to be one of a minority of British Columbia cities that cling to the levying of that odious, outdated Poll Tax?

Under pressure I have paid again. Had not my employers been liable

to prosecution for heeding my request to neglect the deduction from my salary, I would resolutely have refused to pay a single penny for it—and in forfeit would have resigned myself to a work-free week in the local bastille. The implication that in Canada the sexes are equal is a misrepresentation of the most hypocritical kind.

But, gentlemen, may I have the temerity to state that this is the last seven dollars you will ever collect from—

ARTHUR J. AJELLO,  
464 Ellis Street.

### Our Town

By Jack Scott

#### JUST TOO FAST

There's a new and excellent program on the air that I'm sure is going to cause some confusion a hundred years from now.

The show is produced by the American Broadcasting Company and is called "Time Capsule." Each week it presents a half hour of news and entertainment characteristic of the day.

Tape recordings of the broadcast are then put in a vault to be opened, presuming the human race has survived, exactly a century from the date of broadcast.

Since this is perhaps the most generously documented period in all world history, I expect our great grandchildren in 2052 will know a good deal about the way we lived and the broadness, while they deal with the more frivolous aspect of twentieth century existence, will be a valuable exhibit.

Still, I dare say they'll wonder about a lot of things. For one thing, the evidence will surely give an impression of a people plagued by a feeling of restlessness and pessimism.

Noting that this was a time of tremendous progress in almost every line of endeavor, they will quite naturally wonder why the symbol of the age was the aspirin.

To fully understand the North American citizen of 1952 these observers of the future will have to look deep into the mind of the typical individual. They will have to accept the fact that, mentally, the poor creak was in a state of shock.

When you stand back, as it were, and look upon this year you wonder that we're as gay as we are. This is a period of transition that stuns any normal imagination.

In 2052 they will have to hear in mind that the average middle-aged citizen of 1952 was a man who could contemplate a rocket trip to the moon, yet remember his first ride in an automobile.

In 1952 jet airplanes made a round-trip across the Atlantic in one day. Yet there are many citizens whose memories go back to 1903 when two brothers named Wright made a sensational flight of exactly 59 seconds at a speed of just 30 miles an hour.

The social values themselves have turned upside down. In the average man's lifetime the role of the female, for example, has changed to an astonishing degree. In the struggle and attainment of an

equality of the sexes there's been a whole new set of values as disturbing to man as to woman.

And the citizen of 2052, ruled and dominated by the female, will wonder at the conflict in the home of a hundred years before him, when for every 20 couples who went to the altar six couples were splitting up.

Morally, too, the mid-century citizen, reeled from change. Passing a 1952 newsstand solid with cover pictures of nudity and depravity he may contemplate the fact that it wasn't until 1909 that a woman could display an ankle without being drummed out of town.

And that distant observer should know, too, that his grandfather in this year sometimes stopped in his day-to-day living to realize that his hated enemies of a mere 10 years back were now his uncomfortable friends and the friends of a decade ago were now his enemies.

They'll find the citizen of 1952 with an almost pathetic hope for a world at peace, eager to believe in the essential decency of his race.

Yet he was only seven years away from the discovery that one of the most highly civilized nations of the world had sent millions of human beings to a horrible death in gas chambers.

With this kind of evidence the man of 2052 may decide that a certain gloom was justifiable in his grandpappy of 1952.

Indeed, it may surprise him that the old gentleman could show any glimmer at all of happiness when he never quite knew what to expect.

#### THE SCORE ON WAGES

In terms of actual purchasing power, wage earners in Canada's manufacturing industries on March 1 were \$3.50 a week better off for doing 3 minutes less work than they were at the same time last year. If they had worked the same number of hours their average real wages would have improved by \$4.24 a week.

God reigns, and will "turn and overturn" until right is found supreme. — Mary Baker Eddy.

The proper function of a government, is to make it easy for the people to do good and difficult for them to do evil. — Gladstone.

### Mr. Loyd's Retirement

The Herald last week carried news of forthcoming changes in the organization of B.C. Tree Fruits. They involve what might be called an evolution in general management, by which duties hitherto undertaken by Mr. A. K. Loyd will in future be shared among other senior executives, with Mr. Loyd continuing in his valuably important role as president.

This is a sound move, with a view to changes which must eventually come about. Too great a dependence upon the lasting energy of any one individual is obviously risky. And, at the same time, Mr. Loyd's being retained in a presidential capacity ensures a smooth transition.

The Herald, along with the whole district, should take this opportunity to

emphasize thanks and appreciation to Mr. Loyd for the foundation which has been so well and truly laid, which makes possible this further successful development.

In leading the grower movement in its earlier stages before the present central selling organization even came into being, in guiding the agency itself in its critical first years, and in ensuring the continuing quality of its operation, Mr. Loyd in our judgment long since proved himself the valley's first and most valuable citizen, a prime contributor to the economic health of a large part of this province.

In his retiring as the general manager of this project, he must know the satisfaction of a job abundantly well done.

### From the Files

#### TEN YEARS AGO — 1942

Sidney Clark was appointed returning officer for the municipal elections. It was announced that the bus schedule curtailment originally planned for November 16 was postponed until November 23.

Penticton Salvage Committee under the chairmanship of J. T. Young planned a scrap metal drive.

#### TWENTY YEARS AGO — 1932

The BCFGA executive recommended that Penticton should be chosen as the venue for the next annual convention.

A cow at the Summerland Experimental station broke a Canadian record for milk production.

#### THIRTY YEARS AGO — 1922

Penticton's rifle range was opened to use by the ladies. More than 800 persons attended Armistice Day services in the Shaford school auditorium.

#### Forty Years Ago — 1912

The municipal engineer, Mr. Foulds, was asked to hand in his resignation immediately. Council offered no explanation for its action.

The players' group of St. Saviour's Church presented two plays, "Mrs. Jarley's Waxworks" and "Out Off with a Shilling" here.

Mr. Charles Greer acted as chairman of a meeting held in support of women's suffrage.

#### \$3,000,000 DEFICIT

The Hon. Douglas C. Abbott, minister of finance, released today a statement of the Government of Canada's financial operations for the month of October and for the first seven months of the current fiscal year.

During October budgetary expenditures exceed budgetary revenues resulting in a deficit of \$3 million, whereas in October last year there was a surplus of \$7.1 million.

For the first seven months of the fiscal year the excess of budgetary revenues over budgetary expenditures was \$287.5 million, a decrease of \$210.5 million from the surplus of \$304.4 million for the corresponding period in 1951.

### NEWS FROM

## Victoria

By J. K. Nesbitt

VICTORIA — There was a note in the papers the other day that in about 16 months recent Ottawa cabinet ministers and civil servants spent \$275,000 for air travel with Trans-Canada Airlines. What they spent, with other air lines, on trains, ships, in restaurants and hotels, wasn't disclosed. It would probably run up to \$10,000,000.

Government don't like such facts known, and so they hide them, if they can.

In B.C. it's just as bad, per capita. B.C. cabinet ministers and civil servants spend about \$1,000,000 a year running around the country. There should be some cutting down on it.

There's no reason why people travelling on the taxpayers' money should stay at the best hotels, in expensive suites, and eat fancy meals in fancy restaurants.

And one wonders, too, if it's necessary that so much travelling be done, anyway. It's not necessary that B.C. be represented at every conference from here to Florida and back.

This reporter likes to get about the country and attend small meetings. They're always refreshing in the country, a hearty friendliness about the people that you don't always find in the city. And, in the country, it's still the style to have some singing. It was that way at Fort Langley November 19 when B.C.'s 24th birthday was celebrated. The Langley School Social Club (I think was the name) under a Mr. Caldwell sang songs and, I thought, really sang them well, with a nice balance and harmony and evident enjoyment of singing, which is, perhaps, more important than all else.

Lewis and Forests Minister R. E. Sommers got himself into deep water over his hot-headed statement about Peace River gas and Kootenay water storage. If, said Mr. Sommers, seeking votes, the U.S. won't take our natural gas they won't take B.C. water storage facilities, which they desperately need to alleviate an electric power shortage in the Northwest.

Perhaps it wasn't exactly what Mr. Sommers said, it was the bel-

ligerent way he said it. He used a big stick and he held it menacingly over the heads of our good friends and neighbors.

Elmer W. Martin, Burnaby's industrial commissioner said "The best way to lose an argument is to walk into somebody with a big stick."

Alderman Halford Wilson of Vancouver said, "This threat of Mr. Sommers' might have an adverse effect on them (the Americans)."

Charles Gueffroy, president of Portland Gas and Coke Company said: "I don't like the sound of that kind of business."

Mr. Sommers is fairly young and inexperienced, and he was bluffing his way through. Ottawa should tell him provincial cabinet ministers shouldn't go dabbling in international affairs.

#### Bone Of Contention

Two authorities disagree on the attitudes of dogs with bones. Adam Smith said: "Man is an animal that makes bargains; no other animal does this—one dog does not change a bone with another."

On the other hand, Aesop, you will remember, told of a dog holding a bone in his mouth and looking into the still waters of a pool. There he saw another dog looking up at him and this dog also held a bone. Certain that the other dog's bone was the bigger one, the dog dropped his bone and snatched at the one in the water. When the ripples had subsided, he had no bone and neither had the dog looking up at him.

Perhaps Smith would have used a different simile if he'd been a philosopher and Aesop drawn a different moral if he'd been an economist. After all, dogs have been known to surrender their bones when they were tempted by a piece of meat and it's only by surrendering the things of lesser value that we can hope to snatch the opportunities of something better.

South Africa hopes to sell 75,000,000 pounds of canned fish abroad annually by 1953.

## LEGALS

**LAND REGISTRY ACT**  
(Section 161)  
IN THE MATTER OF Lot Ninety-two (92) in Block Four (4) Ninety-four (94) Kettle River Assessment District.  
PROOF having been filed in my Office of the loss of Certificate of Title No. 709757 to the above mentioned lands in the name of Thomas Wallace Clarke of Beaverdell, B.C., and bearing date the 24th day of February, 1937.

**HERBERT GIVE NOTICE**  
of my intention at the expiration of one calendar month to issue to the said Thomas Wallace Clarke of Beaverdell, B.C., a Provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

**PUBLIC NOTICE**  
Pursuant to the provisions of Section 5 of Chapter 138 of the Revised Statutes of British Columbia, 1948, "Crazing Act," notice is hereby given that all horses, branded, or unbranded, owned or claimed by any person or persons, must be removed from the Crown range within the exterior limits of the Vernon Grazing District, approved by Order-in-Council No. 955, August 4th, 1929, on or before the thirtieth day of November of the year 1952, and must be kept therefrom until first day of April, 1953.

During this period the Department will give consideration to applications of Livestock Associations, Farmers' Institutes and others, to shoot or otherwise dispose of wild and useless horses encumbering the Crown ranges, and any horses found on the Crown ranges during this period may be shot or otherwise disposed of under the provisions of the said "Crazing Act" and Regulations without further notice.

**NOTICE TO CREDITORS**  
IN THE MATTER OF THE ESTATE OF GEORGE THOMPSON late of Keremeos, British Columbia. Creditors and others having claims against the above estate are required to send full particulars of such claims to GEORGE ARTHUR McLELLAND, Official Administrator, Penticton, British Columbia, on or before the 27th day of December A.D. 1952, after which date the Estate assets will be distributed, having regard only to claims that have been received.

## Promises

(Continued from Page 1)  
ance in the government, of which I have the honor once again of being the leader of Her Majesty's opposition — I would like you, sir, to convey to your premier on the floor of the house, that every bit of legislation brought in which would be in the interests of the people of British Columbia, we will support. You will only be opposed if, in our opinion, it is not in the interests of the people of British Columbia.

"You have, sir, from myself, as the leader of the CCF Party, my most heartfelt offer of co-operation in anything introduced by yourself, or Mr. Bennett, that is for the welfare of this riding, and in the interests of the people of British Columbia."

Countered Mr. Gunderson, "after that political speech I must repeat that I do not consider this a personal triumph, but a victory of free opportunity over state socialism."

Previously the finance minister had expressed appreciation of the support he had received and extended his thanks to all those "liberals, conservatives and Social Crediters who voted for me."

"I stand here in all humility," Mr. Gunderson said, "hoping that I am given the strength, the wisdom and guidance to justify the confidence placed in me."

"I shall endeavor to do my best to represent, not any single group, but the whole of this wonderful constituency of Similkameen."

Commented the defeated CCF candidate: "Again we have gone down to defeat but that is only another step on the road. You can be assured for myself that, if the CCF wishes me to run again in the spring, I shall be right on the job and going at it again."

"We put up a glorious fight," we have had wonderful support. I know that eventually we will win this riding and the province. And now I would like to say that the verdict has been cast and Mr. Gunderson is our new member. I hope that we will see a lot of Mr. Gunderson, and that he does the job. He can do it. I hope he does, and if I can be of any help in that respect I am prepared to do even that."

Publicly expressing congratulations to the victor was the Rev. H. D. Francis, whose resignation as member for the Similkameen brought about the by-election. Mr. Francis expressed pleasure at the Social Credit victory and declared that "we who believe in Social Credit will do all in our power to maintain individual freedom in the province of British Columbia, now and forever more. We are confident that we are going to hold the Similkameen and the province," Mr. Francis concluded.

## Penticton Creek

(Continued from Page 1.)  
sympathetic consideration would be given to a petition from the council on this advice the city fathers instructed Paul G. W. Walker, city engineer, to compile data, including plans, a profile of the creek and an estimate of unit costs, to accompany the petition to the government.

Alderman J. G. Harris at the meeting last week said he believed that "the whole thing is dragging out too much."

"We asked for a meeting and nothing has been arranged. I think we should press for a meeting," he stressed.

Alderman Frank C. Christian agreed. "This is very important. It is our number one problem," he said.

"If we can't get anything done before spring on improving the creek we shall spend a lot of money trying to preserve what we have," he emphasized.

"I am very concerned about this matter," Mayor W. A. Rathbun declared. "When I first came out onto this council, we thought we were making what we thought were permanent repairs. But I shall never forget that an engineer once told me that 'you can never predict what a creek is going to do. We shouldn't entertain any half measures on this work.'"

## By-Election

(Continued from Page 1)  
CCF vote remains solid."  
Declared a jubilant Premier W. A. C. Bennett in Victoria upon hearing the by-election results, "Those who had their doubts about the Social Credit government having the confidence of the people can now set their minds at rest."

From the first returns there was little doubt who would be the winner. Sixty-five minutes after the polls closed, with all but four out of 16 polls heard from, Mr. Kenyon conceded.

Penticton with 7250 registered voters, of which 4,154 voted, gave Mr. Gunderson a 1236 majority. The finance minister collected 2677, Mr. Kenyon, 1441, and Mr. Klein, 36, accounting for 57 percent of the possible vote.

On June 12 there were 4734 votes in Penticton, of which Francis got 1589 for Social Credit. In that same poll Kenyon received 1275, Finnerty 1213, Titchmarsh 657.

Oliver went more than two to one for Social Credit and Winslow with only 16 voters gave 15 to Gunderson.

Mr. Kenyon took the advance poll by nine votes and triumphed in Allenby, Allen Grove, Allison, Pass, Hedley, Nickel Plate, Princeton and at Copper Mountain.

The CCF retained their strength at Copper Mountain despite union endorsement of Klein.

There the CCF polled 216 against Social Credit's 157 while Klein received only 34.

Of the riding's 15,260 registered voters, 9,170 cast their ballots, amounting to 60 percent of the possible vote.

In the June 12 election 10,723 went to the polls, to give an attendance of 71 percent.

## Board of Works Report Recommends Overflow By-Pass

City Council Monday approved a board of works recommendation for expenditure of \$500 for the construction of a by-pass overflow at the disposal plant for use in case of equipment failure.

Alderman J. G. Harris explained Social Credit's 157 while Klein received only 34.

Of the riding's 15,260 registered voters, 9,170 cast their ballots, amounting to 60 percent of the possible vote.

In the June 12 election 10,723 went to the polls, to give an attendance of 71 percent.

ed that unless a by-pass was installed there is a danger that equipment failure could cause the plant to close down for a week.

The recommendation was made in the committee report of the board of works and domestic water departments.

Other items included in the report informed council that application has been made for a lease on 40 acres of land on the west bench immediately south of the government gravel pit. The land will be used as a source of gravel for city road work.

A request from the Royal Canadian Mounted Police to show in Penticton May 4, 5 and 6, 1953, was referred to the parks board by City Council on Monday.

Mrs. A. Sutton, of Seattle, the Misses Eileen and Evelyn Major, Mrs. Pat Logue and Richard and Gerald Major, all of Vancouver, were week-end visitors at the home of Mr. and Mrs. Raymond McCormick.

Syd A. Hodge, a Social Credit delegate for the Similkameen constituency, is leaving this evening to attend the Secord convention which is being held tomorrow, Friday and Saturday in Vancouver at the Georgia auditorium.

Colonel and Mrs. E. S. Doughty arrived home last week from the coast where they have been holidaying for the past six weeks. While away they visited in Victoria and other Island centres.

Miss Margaret Macleod arrived home yesterday after spending the past week on a holiday visit in Vancouver.

Dr. and Mrs. H. P. Barr and daughter Glenys were visitors last week in Vancouver.

Miss Deirdre DeBeck left on Monday for Williams Lake where she will attend the marriage on Wednesday of Miss Cherie Harris and Frank Overton. Miss DeBeck will be a bridesmaid for Miss Harris, who is the daughter of the late Mr. Harris and Mrs. Harold Cripps, Big Lake Ranch, in the Williams Lake district.

Guests at the home of Mr. and Mrs. F. M. Botting are the latter's mother and sister, Mrs. C. A. Brown and Miss Evelyn Brown, of Vancouver.

**Ed Britton**

Exclusive staff farm editor who keeps you well informed on growing and market conditions in the Okanagan with his regular 6:55 a.m. and 12:55 noon broadcasts, Monday through Saturday.  
For Good Listening Family Style, Tune to 800 on Your Dial, CKOK.

Mr. and Mrs. W. X. Perkins were week-end visitors in Vancouver.

The Rt. Rev. F. P. Clark, M.A., D.D., Lord Bishop of Kootenay, will arrive in Penticton on Saturday and will be a guest at the home of Rev. and Mrs. A. R. Eagles while in the city to participate in the Sunday services at St. Saviour's Anglican Church.

Mrs. A. E. Tidball was hostess last week at the regular monthly meeting of the Past Matron's Club, Order of the Eastern Star.

Mrs. N. M. Armstrong spent last week visiting in Vancouver.

Mr. and Mrs. J. G. Webster have returned home after visiting for the past week at the coast. Mr. Webster, who is maintenance engineer for the public works department of the interior, and Mrs. Webster attended a banquet held at the Hollywood Bowl, New Westminster, on Monday honoring Ken W. Morton, retiring district engineer of the public works department of B.C. and the Yukon.

Mr. and Mrs. Lance Webber arrived home on Wednesday after visiting in Vancouver for a short time.

Mrs. J. A. Maret was a hostess on Tuesday afternoon of last week entertaining during the tea hour for Mrs. Dennis Baker who with Mr. Baker recently came to Penticton from Vancouver. Mr. Baker is assistant accountant with the Penticton Branch of the Royal Bank of Canada.

A family party in which all members of Penticton's two Masonic Lodges, Order of the Eastern Star, Job's Daughters and Royal Arch Chapter will participate, is being held this evening in the Masonic Hall.

Mr. and Mrs. G. M. Tidball arrived home on Sunday from a two-week honeymoon trip which included a visit to California, Oregon and Washington.

Mrs. L. G. Chapman, grand chief of Pythian Sisters in British Columbia, is spending today in Fruitvale where she is making an official visit to the Pythian Sisters Temple of that centre.

Mrs. Ralph Hollett was hostess when the Ladies' Auxiliary to the Okanagan Council of the United Commercial Travelers held its monthly meeting on Saturday evening at her home. Plans were finalized at the meeting for the annual bazaar and tea being held on December 13 in the Legion Hall under the auspices of the organization.

For the first time since 1946 business for co-operatives was down in Canada during 1951. Figures show that \$1,016,550,971 in total business was done by 2,768 associations. This was a drop of \$23,250,000 from 1950.

**Junior Hospital Auxiliary To Buy Christmas Gifts For Patients**

The Penticton Junior Hospital Auxiliary, in accordance with other women's organizations of the city and surrounding area, are advancing plans for the forthcoming Yuletide season.

At the regular monthly meeting of the auxiliary held last week in the Red Cross centre a committee was appointed by president, Mrs. W. F. Gartrell, to purchase gifts for distribution to patients in the Penticton Hospital at Christmas time.

This is one of the annual seasonal objectives of the junior organization and working on this committee are Mrs. A. H. Fraser, Mrs. J. A. Maret and Mrs. A. Earl Wells. A membership drive conducted by the Junior Hospital Auxiliary has resulted in fourteen new names being added to the list of members. Joining the organization last Tuesday were Mrs. J. Davidson, Mrs. L. E. Hohenadel, Mrs. L. J. Kenna, Mrs. H. D. Baker, Mrs. J. Chowne, Mrs. M. Allan, Mrs. Bill McKinnon, Mrs. Bob McDougall, Mrs. L. N. Wishart, Mrs. A. D. C. Washington, Mrs. C. German, Mrs. C. T. Hayward, Mrs. G. Campbell and Mrs. H. G. Banford.

Miss Elizabeth Sutherland was chosen to head a nominating committee comprised of Mrs. G. J. Rowland, Mrs. O. M. MacInnis, Mrs. Ron. A. Westad and Mrs. Wells Oliver.

This committee will prepare and present a slate at the annual meeting of the Junior Hospital Auxiliary scheduled for Wednesday, December 17.

Following the adjournment of the business session of the meeting the many present were guests of the auxiliary's executive.

A pleasant social hour of games and contests was followed by refreshments. Presiding at the table were two past presidents of the organization, Mrs. R. V. White and Mrs. Ron A. Westad.

Prize winner in the "Know Your Penticton B.C." contest, prepared by Mrs. Gartrell for the evening's entertainment was Mrs. W. P. Fleming. Winners of the bingo games were Mrs. L. N. Wishart and Mrs. R. Butler.

**\$250 Is Allocated For Civil Defence Establishment Here**

City Council has agreed to pay \$250 as Penticton's share of the expenses incurred in establishing civil defence headquarters here providing the plans for the local unit are approved by the dominion government.

Harold Mitchell, civil defence co-

ordinator for Penticton and district, met council Monday and stated that civil defence authorities have drawn up a "matching payment" plan under which cost of establishing a civil defence office is shared equally between the city and the two senior governments.

The Penticton civil defence office is in the old forestry building on Van Horne street.

**Founder with Foresight**

In the days when British Columbia cities were being hewn out of giant forest stands, few men foresaw the tremendous future in store for Canada's Pacific Province.

One man who did was William Braid. In 1904, he founded the Province's first distillery—The British Columbia Distillery Company Limited in New Westminster.

At a time when that city's population was a mere nine thousand, William Braid was laying the firm foundations... setting the policy of quality... for an industry that has played an increasingly important part in B.C.'s economic development.

Since 1904, the Company has steadily expanded its facilities to meet the growing demand for its quality products at home and in the markets of the world.

Today, the modern British Columbia Distillery on New Westminster's Braid Street stands as tangible evidence of the foresight of its founder—William Braid.

## Vernon Canucks Upset Packers 5-1 Last Night

VERNON — Vernon Canadians extracted a small measure of revenge last night when they took the high-flying Kelowna Packers down a nick by a 5-1 score before a crowd of fans numbering 2300 at the Vernon Civic Arena.

Possibly an added incentive for the fans was the fact that a car was given away to the lucky number program holder. Whatever it was that got them to the arena they were exposed to one of the best games that has been played on this city's ice in many months.

The game opened with a rush and things moved at that pace for the full three periods. Leo Lucchini laid the scoring when he broke away from the pack and slipped the rubber between the Packers' pipeman Al LaFace's legs. Then Tarnow took a pass from Simms to give the Vernon club a two-point edge, and when Lucchini scored his second goal for the period the canto ended with the Canadians showing a safe 3-0 lead.

The second period was a rough and tumble sort of an affair. Brian Roche of the Kelowna club took a penalty for tripping and Harvey Stein, who should have been listening instead of talking, tried to argue about it with referee Bill Neilson. Needless to say, Stein went out for five minutes on a misconduct penalty a sadder and much wiser boy.

Scoring in the second period was limited to one goal by Vernon when Tommy Stecyk banged in the puck on a pass from fast skating Lucchini.

Kelowna broke the shutout in the third period when a lucky shot by Hoskins bounced off Lorne Lusier's skate and into the net.

**SUMMARY**  
First period—1, Vernon, Lucchini (unassisted) 1:18; 2, Vernon, Tarnow (Simms) 9:46; 3, Vernon, Lucchini (Geary) 16:32. Penalties—Geary, H. Amundrud, Carlson 2.  
Second period—4, Vernon, Stecyk (Lucchini) 15:08. Penalties—Geary, Hanson, Stein, Roche.  
Third period—5, Kelowna, Hoskins (K. Amundrud) 6:16; 6, Vernon, Simms, (Ballance, Tarnow) 16:46. Penalties—Lane, Ballance.

Among more than 1000 species of catfish in the world, the Nile catfish in Egypt is capable of giving an electric shock.

Longest whale of which there is authentic record measured 108 feet and weighed approximately 80 tons.

## Interesting New Work In Field Of Apple Breeding

Polyploidy is a natural phenomenon that has been responsible for much of the evolutionary change in many economic plants. The term polyploidy refers to the presence in the body cells of a plant of more than two sets of chromosomes. The chromosomes are microscopic bodies that carry the material responsible for the bulk of the hereditary traits. In the simplest condition, plants contain two sets of chromosomes and are called diploid (di—meaning two). When the chromosomes number in a diploid is doubled, it has four sets of chromosomes and is called a tetraploid.

The condition of tetraploidy is usually associated with marked changes in the appearance of the plant. The most striking difference is the increased size of most parts, and the descriptive term "gigas" or giant is often used. Large size is most conspicuous in such organs as the flowers, the seeds and the fruits, but it is also reflected in the size of microscopic parts of the plant such as the pollen grains.

In nature, polyploidy occurs so infrequently that its usefulness to the plant breeder as a means of plant improvement is very limited. However, in 1937 it was discovered that the drug colchicine, when applied to rapidly growing parts, caused a plant to develop tissue with twice the normal number of chromosomes. This enabled the plant breeder to speed up the natural evolutionary process and to accomplish in a matter of weeks what might take generations without his intervention.

Colchicine induced polyploidy is being used by many plant breeders on a wide variety of crops. At the Division of Horticulture, Central Experimental Farm, Ottawa, reports A. W. S. Hunter, one of the crops being worked with is the apple. By using colchicine, tetraploids have been produced in eight named varieties and in the wild apple Malus baccata. Naturally-occurring tetraploids of four other varieties have also been collected.

Three lines of work are planned with these tetraploids:

1. An attempt to increase the fruit size of varieties that bear small but otherwise desirable fruits;
2. The repetition of certain crosses between very small-fruited hardy species and commercial varieties using tetraploids instead of diploids; and

3. Crossing tetraploids with diploids to produce triploids. Patricia is one of the small-fruited diploids. It originated at Ottawa from the seed of an open-pollinated McIntosh. Patricia is a handsome apple of high quality, but the fruit is small. Small fruit size is accentuated by heavy bearing and to obtain larger fruit this variety must be severely thinned, an expensive procedure. The fruits of tetraploid Patricia may be larger than those of the normal type and possibly the tree will not bear so heavily. The tetraploid has been produced but it will not fruit for a few years yet.

In an effort to produce hardy apples for the Canadian prairies, William Saunders crossed the very small-fruited Siberian crab (Malus baccata) with commercial varieties, giving what he called his "first crosses". The best of these were crab-like hardy apples that are still widely grown in the prairie region. The "first crosses" were backcrossed to commercial varieties to give his "second crosses", and these were backcrossed again to give the "third crosses". The fruit size increased with each backcross, but the winter hardiness decreased. The "third crosses" are as large-fruited as but no harder than commercial apples. By taking advantage of the larger fruit size of tetraploids, it may be possible to secure fruit size in the first generation which, with diploids, would require a backcross to a commercial variety to attain. With one less infusion of commercial apple, these tetraploids "first crosses" may retain the hardiness of the comparable diploids. Tetraploid M. baccata seedlings have been produced and crosses will be made at the earliest opportunity to test this assumption.

Triploid apple varieties once occupied an important position in the fruit lists of the world. Their position in North America has declined in recent years, but such varieties as Gravenstein, Rhode Island Greening, Stark and Stayman Winesap are still important in some regions. That triploids have become relatively less important in North America is largely due to the rapid advances that have been made in the production of improved diploid varieties. No comparable directed improvement could be made in triploids since there was no way of producing them. All existing triploid varieties arose as chance seedlings. Now that tetraploids are available, Mr. Hunter points out, triploids of known parentage can be produced at will, and the investigation of this interesting field has become possible. The first of such crosses at Ottawa was made in 1951.

Long-distance short-wave radio signals are bounced off the Appleton layer, 170 miles above the earth.

At the age of one year, the average vocabulary contains seven words.

## Agreement Blocks Construction Of Auto Court Here

Objection to City Council's decision to withhold the permit for construction of an auto court on a property was contained in a letter from a city law firm, Kingsman and Dwyer, received by council Monday. The letter, written on behalf of James B. McKenzie, was referred to a special committee for study.

The property in question is one of three lots which was sold by the city to two men on condition that a truck service centre was built.

According to council at a recent meeting only two lots have been used and on these a service station has been erected. The agreement signed by the purchasers and the city stated that if the land was not used for a truck service centre it should be returned to the city.

One lot has been sold to Mr. McKenzie, who plans to erect an auto court, but the permit has not been issued.

Argument contained in the letter was that two lots provide sufficient space for the truck centre and that there is no apparent reason why Mr. McKenzie should not be allowed to build the auto court. "The land was sold under a definite contract drawn up by the purchasers' solicitor," Alderman E. A. Titchmarsh commented.

J. L. Daily's request to subdivide property on Jernyn avenue was referred to the town planning commission by City Council.

## Knights Of Pythias To Sponsor Annual Oratorical Contest

More than 100,000 high school boys and girls throughout Canada, United States, Hawaii and Alaska are expected to participate in the eighth annual public speaking contest sponsored by the Fraternal Order of Knights of Pythias. It was announced this week by the local K. of P. public speaking committee.

The sum of \$2,500 in scholarships to any university or college on the continent will be awarded to the winners. Topic for this year's contest is "Highway Safety and How to Attain It."

Details of the contest were given in a joint communication from Judge Sheldon M. Roper, Lincoln, North Carolina, supreme chancellor of the Knights of Pythias, and Judge John H. Planigan, Carthage, Missouri, chairman of the youth commission of the order. The statement pointed out that the subject was chosen so that the contest will be in harmony with the continent-wide highway safety and courtesy campaign which will be launched by the Knights of Pythias, order soon after the first of the year.

The local contest will be sponsored by Pentiction Lodge No. 49 and this will be followed by district and province or state finals.

Winners of the six regional contests will participate in the finals to be held in St. Louis during the biennial convention of the Dramatic Order of the Knights of Khorassan, beginning on August 9, 1953.

It is expected that the local contest will be held some time in March, with the Okanagan Valley competition in April. The local lodge committee is hoping for co-operation from the schools in getting students interested in entering the contest. Bill Baldry is chairman pro-tem of the public speaking committee.

## Prevents Collision But Driver's Own Trailer Is Wrecked

Quick thinking, and action on the part of truck driver Stanley Bingham, of Vancouver, prevented a collision with another truck early Saturday morning near the Kaledon Junction but, as a result, Mr. Bingham's trailer was overturned and completely wrecked.

Mr. Bingham was driving a Daimler truck and trailer from Vancouver to Pentiction when he saw another truck approaching from the north on the curve near the junction.

He swerved to avoid a head-on collision and as he did so the trailer wheels hit the loose gravel on the side of the road. The broke away from the prime mover and overturned spilling its eight or nine tons of miscellaneous cargo by the roadside.

## Check Christmas Card Addresses Before Mailing

Local postal authorities are issuing a warning to citizens this week to be certain that their Christmas cards, unsealed at two-cent postage, are correctly addressed.

No directory service is to be given to this class of mail, postmaster G. B. Latimer reports, so it must have the correct postal address with respect to box, street and number or rural route number.

Mr. Latimer also reminds citizens that no correspondence must be included on or in cards at the two-cent rate.

The postmaster asks citizens to make sure their mail is correctly addressed, safely packaged and the return address given. He also advises that a check be made to be

## Former Pentiction Couple Awarded \$5,000 Damages

Mr. Justice A. D. Macfarlane approved a \$5,000 settlement of a damage action in Supreme Court here this morning.

The action was brought by Mr. and Mrs. G. H. Moore, formerly of Pentiction, against the Crone Storage Company Limited, of Vancouver, and C. Brown, driver, as the result of an accident on Peach Orchard Hill near Summerland in which Mrs. Moore was injured. The accident occurred November 11, 1950.

The plaintiffs were represented by O'Brian and Christian. Charles W. Tysoe of Vancouver acted for the defendants.

sure the correct postage is on the mail, otherwise the addressee must pay double the shortage.

## Gov't Replies To Harbor Plea

Penticton's plea for government aid in the construction of a boat harbor in Okanagan Lake has been turned over to C. P. F. Faulkner, public works of Canada engineer in New Westminster, for study, Council learned Monday.

The letter from the dominion public works department also stated that it is not the public works department's function to deal with facilities for pleasure craft but only for commercial vessels in navigable waters.

Council received the letter without comment. City groups, notably the Board of Trade, have pressed for a boat harbor in the mouth of the Okanagan River when the new flood control channel between the two lakes is built.

Mr. Faulkner, however, indicated that this idea is impractical and that, because the dominion government plans to build a groyne out into the lake to prevent the river channel from silting up, it would be better if the city constructed another groyne at right angles to the first and so form a "corner" which could be used as a boat harbor.

It was in such a project that council sought the dominion government's aid.

A grass fire on the CPR right of way west of the hospital was extinguished by city firemen last Wednesday morning.

Canada has 25,300 Mormons.

## Elks To Install "Scotty" Thomson Lodge Head Tonight

Jack "Scotty" Thomson will be installed exalted ruler of the Penticton Lodge 51 BOP Elks by district deputy grand exalted ruler Bert Fearnley of Kelowna in ceremonies to be conducted tonight in the Odd Fellows Hall.

Mr. Thomson has been acting exalted ruler succeeding Lester Clarke, who has left the city. Mr. Thomson was named head of the lodge at elections recently.

One change has been made in the executive since the elections. Jim Robb was chosen exalted, but he is unable to accept the post for business reasons. Jack Littlejohn, of Naramata, has been appointed in his place.

Other officers to be installed tonight are Laurie Denton, leading knight; Roy Weaver, loyal knight; Frank Gillingham, lecturing knight; Art Bless, inner guard; Jim Dermody, outer guard; Bill Sanders, secretary; Mel Gulick, treasurer; Harry Clark, chaplain; T. W. Bryant, trustee and Alf Miller, his-

## WILL NAME NEW FESTIVAL ASS'N HEAD THURSDAY

A new president to succeed H. M. Geddes will be chosen at the Penticton and District Peach Festival Association's annual meeting tomorrow evening in the Odd Fellows Hall.

The new president will be named by the incoming executive. Other business of the meeting will include presentation of the financial and president's reports on this year's activities.

New officers will be elected to replace Hugh Lynch, Jim Thom, Curly Cox and Bill Hack. Mr. Geddes will automatically serve on the executive as past president.

Representatives of service clubs have been invited to attend the meeting and festival officials are hoping that the public will attend this meeting.

Damaged amounted to over \$300 when flying sparks from a chimney set fire to the roof of a home on Martin street about 11 a.m. last Saturday.

Elks from Princeton, Kelowna, Vernon, Kamloops, Keremeos and Oliver are expected to attend the installation which will be conducted at 8 p.m. The Ladies of the Royal Purple will provide a drill team and at 11 p.m. they will conduct the Elks' traditional service. Music for dancing will be provided by the Esquires orchestra.

## Successful Variety Show By Naramata Women's Institute

NARAMATA — "Standing room only" greeted many of the later arrivals at the successful variety show held on Thursday evening in the community hall under the auspices of the Naramata Women's Institute. More than two hundred adults and children were present to enjoy the colorful and entertaining program presented under the general chairmanship of Mrs. Philip Rounds.

W.I. members and others participated in the show which was held for the purpose of raising funds for the community hall stage curtains and other improvements.

The opening number on the program was a gay and colorful pantomime "Three Little Pigs" arranged by Mrs. Verna Kennedy and presented by her pupils in the first grade of the elementary school. The costumed tiny tots gave a most pleasing interpretation of the delightful fairy tale. Mrs. A. G. Stanforth was in charge of the children's costumes. Galen Loven was piano accompanist for the presentation.

Frank Dicken, a musician who is well known to the Okanagan, appeared with his accordion to give the second number on the program. His lively Swedish Polka was well received by the audience.

Several vocal selections were presented during the evening. Mrs. Wesley Cairn-Duff was piano accompanist for two solos by Miss Jean-Stiffe; Mrs. Jack Buckley who gave other vocal selections was accompanied by Mrs. N. F. R. Wheatley and a male quartette from the Leadership Training School was accompanied by Miss Bebe Blingman also of the school. Members of the quartette were Clayton Heaton, of Shkelton, Saskatchewan, Dean of Men of the school; Russell Towsaw, of Montreal; Ivan Jespersen, Chilliwack, and Jim Jones, Niagara Falls, Ontario.

Calico skirts and blue jeans gave authentic color to the square dance by eight teen-agers. Participating in the colorful set were the Misses Joanne Vaughan, Marlin and Marge McFarlane, Yvonne Jackson, Janice Day, Jackie Vaughan and Sheila and Yvonne Partridge with the latter calling the dance.

Among the many talented artists adding interest to the program was Miss Beth Blingman, of Waterloo, Ontario, who played two selections on the vibra-harp and was accompanied by Galen Loven, of Beaverlodge, Alberta.

Piano selections were presented by Miss Marlin McFarlane, a violin number by Laurence Efrat, and a recitation by his sister, Paye. An able demonstration of baton twirling was given by Miss Dene Rowe, of Penticton.

An amusing skit was received with much applause. Four men impersonating a group of bridge playing women were dressed for the occasion. Taking part in short comedy were Donald Saling, R. J. Tanning, W. C. June and Eldon Baker. Additional comedy was given by a pantomime presented by Mrs. Val Morche, Mrs. A. H. Grant and Miss Nellie Behn. Mrs. R. H.

## New President Of Kiwanis Club

Penticton Kiwanis Club's new president for 1953 will be Harold Mitchell who was elected at the club meeting yesterday to take the place of Jack Marett.

Mr. Marett was elected to the post earlier this month but he has been transferred to Vancouver. He will leave for the coast in December.

Mr. Mitchell was chairman of the club's agricultural committee last year.

The executive, apart from Mr. Mitchell's inclusion as head, will remain the same. Gliss Winter and Lyman Sency are vice-presidents. Bob Patterson is treasurer and directors are George Arsens, Wilf Dupont, Ted Moore, Harold Myers, Hugh Lynch, Art. Marlow, and Howard Logan.

A secretary for the coming year will be appointed by the incoming executive. Jim Murdoch currently fills that post.

## HOW FORESTS HELP WATERSHEDS

Forests build up a thick layer of decayed leaves, twigs, etc., under which there is a dense mat of fine roots anchoring trees, shrubs, and herbs. The rain must first saturate the crown foliage, then the understorey foliage, and finally the thick mat of humus. All this retards run-off so that erosion is inhibited and a steady supply of clear, filtered water is fed into the forest streams. Forest trees consume huge quantities of water through their roots. This also reduces the amount of water which would otherwise run off too quickly.

Walsh was reader for the amusing play.

Mrs. Philip Rounds was master of ceremonies for the show.

## Mayor Rathbun Makes First Cut At 500 Pound Cheese

The biggest cheese ever to be shipped into this district was out by Mayor W. A. Rathbun this morning in the Safeway store here. According to store manager Bob Burns the cheese weighs close to 500 pounds, is four feet wide and three feet high. Nearly 4,800 pints of milk went into the making. Production of the cheese, which has been aged for 14 months, is part of a campaign to popularize this particular food.

### Sawmill's Offer For Grader Is Rejected

Offer of the Grand Forks Saw-  
mills to purchase the city's Adams  
grader in return for cedar poles  
was rejected by City Council Mon-  
day.

The sawmill offered poles to the  
value of \$5,000 for the grader, the  
poles to be delivered as the city  
requirements demanded.

Alderman J. G. Harris moved re-  
fusal of the offer, commenting that  
a good trade-in on any piece of  
equipment had been offered and he  
felt that it would be to greater ad-  
vantage for the city to dispose of  
the grader in this manner.

Recently the village of Princeton  
offered to buy the grader, but the  
two municipal bodies could not  
reach an agreement on price.

Final reading of by-law 1152, au-  
thorizing closing of lanes of Revel-  
stoke avenue, was given at the  
council meeting Monday.

A request from J. Reading for  
permission to lease beach property  
at Three Mile was referred to the  
City Council land sales committee  
at the meeting Monday.

**QUEEN ELIZABETH II**, wearing a crown-like tiara, smiles  
through the window of the carriage bearing her to the  
opening session of Parliament in London recently. The  
youthful monarch, speaking to a joint session of the House  
of Lords and Commons in her first address to Parliament,  
pledged "the closest and most friendly relations" with the  
United States.

## Director's Report Heard At Meeting Of Board Of Health

Dr. D. M. Black presented his first report since  
being appointed director of the South Okanagan Health  
Unit at the recent quarterly meeting of the South Okan-  
agan Union Board of Health held in Oliver.

In giving his report, Dr. Black  
pointed out that construction of the  
new community health centre in  
Kelowna, which will serve as head-  
quarters for the whole health unit,  
was making excellent progress and  
the building should be ready for  
occupation by the end of the year.

Dr. Black's report follows in full.

**SCHOOL HEALTH SERVICES**  
Examination of pupils in the  
schools of the unit is proceeding.  
Because of the large number of  
pupils involved emphasis is placed  
on the examination of grade one  
pupils. Teachers are asked to refer  
children from other grades where  
they feel that examination or in-  
vestigation is required. Athletes are  
also checked.

The immunization program is be-  
ing carried on.  
Miniature chest x-rays are being  
done on pupils in grade ten and  
twelve.

**COMMUNICABLE  
DISEASE REPORT**  
Thirty-nine cases of poliomyelitis  
occurred in the unit during the  
quarter and two cases had been  
reported in the preceding quarter  
making a total of forty-one cases  
for the season. There were two  
deaths. Details of the epidemic are  
set forth in a separate report.

A case of typhoid fever occurred  
in an elderly Indian woman living  
at Winfield. The follow-up of con-  
tacts has been difficult and the  
source of the infection has not  
yet been determined.

Two young children in Kelowna  
were found to be suffering from  
paratyphoid fever. Investigation  
showed that an older woman who  
had cared for both children while  
the mothers worked in the packing-  
house was positive and she is prob-  
ably a carrier. Investigation and  
treatment are proceeding with the  
co-operation of the family physi-  
cians.

**SANITATION AND HYGIENE**  
Water  
Periodic sampling of all domestic  
supplies and sampling of numerous  
individual supplies was carried out.  
A detailed survey of the Kelowna  
supply is underway to determine  
the advisability of moving the in-  
take pipe to a more suitable loca-  
tion or the extension of the present  
pipe farther out into the lake. This  
survey will cover a period of one  
year to give consideration to  
changing conditions in the lake.

The Lakeview Heights water con-  
tinues to show contamination as  
well as a very strong odor of hy-  
drogen sulphide. A small home chlo-  
rinator has been installed in one  
house on an experimental basis by  
a commercial company and in-  
vestigation is proceeding in co-opera-  
tion with the Federal Department  
of Health and Welfare.

Plans for the installation of a  
combined irrigation and domestic  
water system in Okanagan Falls  
have been finalized and preliminary  
construction started.

Numerous new connections have  
been made to the domestic water  
system in Princeton. The Tunnel  
area in the village of Princeton is  
not covered by the domestic system  
and all householders draw from  
wells. The majority of these wells  
show water unfit for human con-

sumption. All householders con-  
cerned were notified of this con-  
dition.

**MILK**  
Bacterial reports on milk samples  
have been generally satisfactory  
during the past quarter.

In one case a dairy was found  
to be securing pasteurized milk in  
bulk from another town and bot-  
tling it in their plant. This is a  
dangerous procedure and the prac-  
tice was ordered stopped.

**Restaurants**  
Sanitation standards in eating  
and drinking establishments were  
found generally satisfactory. In  
three cases it has been found nec-  
essary to recommend the with-  
holding of trade licences if im-  
provements are not carried out.

In one case the possibility of a  
cross-connection to domestic water  
supplies due to the construction of  
shadard potato peeling equip-  
ment was found. This point  
was brought to the attention of the  
firm supplying the equipment.

**Meat Inspection**  
Inspection of all carcasses en-  
tering the city of Kelowna has  
been continued by Dr. P. Talbot.  
Inspections carried out were: beef,  
261; hogs, 290; veal, 133; sheep and  
lambs, 104. Total — 788.

Items condemned were: livers,  
beef, 9; hogs, 9; sheep, 2; veal, 2; hearts,  
hog, 4; tongues, beef, 2; kidney,  
hog, 1; beef portion, 1; sheep car-  
cass, 1. Total condemnations — 31.

The meat inspection appears to  
be operating in a very satisfactory  
manner and no cases of uninspec-  
ted meat have recently been found  
in Kelowna. The service also has  
had the effect of stimulating many  
people living in districts outside the  
city to request meat inspection of  
(Continued on Page 3.)

### Air Cadet Group To Sponsor Dance

Penticton's new Air Cadet Com-  
mittee is sponsoring a dance here  
Friday in the Armouries in an ef-  
fort to raise funds for the local  
squadrons.

W. A. Loughheed and T. E. Moore,  
joint chairmen of the committee,  
are seeking funds with which to  
provide the Air Cadet Squadron  
and the newly formed Air Cadette  
Squadron with the sponsoring  
body's share of the operating ex-  
penses.

Dancing will start in the Arm-  
ouries at 9:30 p.m. and will con-  
tinue until 12:30 a.m.

Tickets are 50 cents each. Music  
will be provided by Saxie's Orches-  
tra.

### Furnishing Fund Will Benefit From Lions Club Bingo

Penticton Lions Club is sponsor-  
ing a Turkey Bingo in the Legion  
Hall tomorrow evening, proceeds to  
be used for the club's hospital fur-  
nishing fund pledge.

The club is pledged to provide  
\$500 for the furnishing of a ward.  
So far over \$200 has been donated.  
Stu. Whyte is the committee  
chairman in charge of the bingo.

## "Dido And Aeneas" A Rare Musical Experience

The opera "Dido and Aeneas" to be presented Monday evening, December 1, in the new high school auditorium will find music lovers, not only from Penticton, but from the entire valley, gathered to enjoy one of the rare musical experiences given by the Ladies' Choir under the direction of Mrs. Monica Craig Fisher.

"Dido and Aeneas," an opera by Purcell based on Greek mythology, embodies all the elements of grand opera, Greek drama and great music.

The stage production is under the direction of Mrs. Elsie MacCleave. Penticton is fortunate to be able to draw on the musical ability and experience of these two people, who, after years of study and performance on this continent and abroad, made their homes here and have consistently devoted their efforts to maintaining a high standard of musical and dramatic development in this city.

"Dido and Aeneas," after nearly three hundred years, still stands in silhouette against the musical horizon of all time. Kirsten Flagstad in closing her operatic career in Covent Garden, London, England, requested that her final role should be that of Dido. This she wished to sing without remuneration as a dedication to great music. Gustav Holst, contemporary British composer, has written: "This opera is one of the historic landmarks in English music. It is one of the most original expressions of genius in all opera."

### RECENT REVIVAL

The local performance by the Ladies' Choir was inspired by a recent revival of the opera in London, England, the U.S. and Canada and particularly this past season at the University of British Columbia and the Banff School of Fine Arts.

Mrs. Craig Fisher and Mrs. MacCleave attended the performances at Banff in August for the purpose of further study and planning of the local production. The chorus and principals, after more than a year's study, are practising daily and dress rehearsals will begin this week. Costumes will be in authentic design and those of the principals are being supplied by Malibar.

### Winnipeg

The staging will be along simple, austere lines emulating the Greek theatre with chorus and orchestral accompaniment. The cast of musicians embraces many of Penticton's outstanding singers.

### BALLET NUMBERS

The four ballet numbers are being performed by Miss Mary Pratt's School of Dancing, the members of which are from both Penticton and Kelowna.

The background for the entire effort, Mrs. Monica Craig Fisher's Ladies' Choir enjoys the unique reputation of 21 years under one musical director and almost consistent winning of the G.A.B. MacDonald Cup for ladies' choirs in the Okanagan Valley Musical Festivals and a continuity of membership unparalleled elsewhere or in any other field of art in the valley.

It is this tradition and devotion to music and a desire to maintain a high standard for the community on the part of both members of the cast and directors that has inspired this undertaking.

An afternoon performance for young people will be given at 3:15 p.m., December 1, and the evening performance at 8:30 p.m. in the new high school auditorium. Tickets at popular prices may be obtained at Harris Music Store or from any member of the Ladies' Choir. The Ladies' Choir is one of the first sponsors of the grand piano in the auditorium and proceeds will be applied to this fund.

### The cast is as follows:

Dido or Elissa, Queen of Carthage, Lillian Estabrooks; Aeneas, Trojan Prince, Mary Costley; Belinda, lady in waiting, Ethel McNeil; first woman, Queen. Bowsfield; second woman, Beatrice Ede; Sorceress, Edythe Walker; first witch, Frances Latimer; second witch, Win English; Mercury, Elizabeth Sutherland.

Members of the chorus are: first sopranos — Dorothy Walker, W. Milavol, Joyce, Arculis, Edythe Walker, Frances Latimer, Beatrice Ede, Lillian Estabrooks, Ethel McNeil.

Second sopranos, Dorothy Walker, Carol Graham, Maude Ireland, Annie Oxley, Margaret Hendry.

The historic merchants' guilds of England derived the name from the Saxon gild or geld, meaning payment.

## Health Directors' Report

(Continued from Page 1)

carcasses being slaughtered for human consumption. The largest slaughter house operator now requires inspection of all meat passing through his premises regardless of its ultimate destination.

**Insecticide Poisoning**  
An attempt has been made to secure information in regard to dangers to orchard workers of poisoning from material used as orchard sprays. Parathion is the most toxic of the sprays currently in use and evidence of actual cases of poisoning from it has been secured. The agricultural authorities are now recommending the substitution of less toxic compounds such as Malatol for Parathion. This investigation is covered in a separate report.

A child died in Peachland as the result of swallowing Nicotine Sulphate from a bottle left carelessly within reach.

Visits were made to the unit during the quarter by Dr. P. McCombie, provincial director of dental health services; Miss L. Giovando, public health nursing consultant; and Dr. T. H. Patterson, director of environmental management. They all gave us much help in their

respective spheres. Dr. Patterson attended the meetings of the spray committee of the Okanagan Valley and gave expert advice on the medical aspects of the various spray materials under consideration.

**VISITING CLINICS**  
The Cancer Consultative Clinic from the B.C. Cancer Institute held monthly sessions in Kelowna and Penticton.

The Child Guidance Clinic visited Kelowna and Penticton to examine and advise on cases of behaviour problems and mental abnormalities among children. They saw eight faces in Kelowna and twelve in Penticton. In Kelowna we have had much helpful co-operation with Mr. J. Billyeald, who has recently been appointed mental hygiene co-ordinator for school district No. 23. In Penticton there is a liaison committee composed of the school principals, guidance teachers, social workers, public health nurses and the probation officer.

The Tuberculosis Travelling Clinic visited Kelowna in October and took 67 x-rays. Dr. F. O. R. Garner, medical superintendent of Trans-Canada Sanatorium, was present for the final day and interviewed 16 patients. It is planned that a tuberculosis consultant will attend future clinics, thereby increasing the effectiveness of the service. The Red Cross Blood Donor Clinic visited Kelowna in October. This clinic has no direct connection with the department of health, but we are glad to co-operate where we can. A proposed visit of the blood donor clinic to Penticton in November was postponed because of the recent poliomyelitis epidemic.

**GENERAL**  
A meeting of the medical health officers was held in Victoria September 24, 25 and 26, for discussion, planning and instruction. Your director attended and felt that he obtained much benefit.

The Women's Auxiliary to the Kelowna Public Health Service has resumed monthly meetings. Their project for the forthcoming months is to provide children's toys and furniture for the community health centre and drapes for the windows in the lecture room.

## Funeral Services For Mrs. McLaren

A resident of this city for over 30 years, Mrs. Harriett Elizabeth McLaren died in Penticton Hospital last Sunday at the age of 88. Services will be conducted for Mrs. McLaren tomorrow at 2 p.m.

A native of Connecticut, USA, Mrs. McLaren came to Penticton 32 years ago. Previously she had lived in the province of Alberta. She is survived by one daughter, Mrs. Annie Rathbone, Tete Jaune, B.C.; a son, John, in Revelstoke and one brother, Selwyn Main, in Buffalo, New York. Also surviving are 20 grandchildren, 18 great grandchildren and seven great, great grandchildren.

Services will be conducted from the Penticton Funeral Chapel, the Rev. S. Cole officiating. Interment will be made in Lakeview Cemetery.

## SILT PREVENTS PLANTING

A claim that silt, brought down due to a break in the irrigation flume near his property, prevented his planting trees was brought to council Monday by J. G. Van Dusen and the irrigation and engineer's departments were authorized to investigate the complaint. Mr. Van Dusen declared that land he wished to plant is now unfit for that purpose because of the silt.

the various services provided by health personnel.

Civil defence. A course in the nursing aspects of ABC warfare was given by Miss Beattie in Summerland in October and one is planned for Oliver in November.

## PERSONNEL

We were fortunate to have Mrs. Gwen McClelland fill a vacancy in the public health nursing service in Kelowna for the months of September and October. Mrs. P. Swaisland, of Winfield, has now been appointed to the position. Mrs. Swaisland comes to us with good experience gained in former years in Salmon Arm.

## School Students Tell Of Visit To United Nations

Three high school students who recently made a "United Nations Pilgrimage" to New York sponsored by the Independent Order of Odd Fellows addressed a public meeting here November 15.

The students, Bruce Hart, of Vancouver, Connie Stanley of North Vancouver, and Muriel Sharp, of Chilliwack, described some of their experiences while in the eastern American city.

There they attended sessions of the Trusteeship Council and the Economic and Social Council, and also spoke to embassy officials of countries participating in United Nations affairs. They also met representatives of the WHO and UNICEF organizations.

The students expressed their appreciation of the opportunities given to them by the Odd Fellows to see and hear the United Nations at work.

Journey to New York was made by chartered bus across Canada and the return trip was made via the United States.

Lodge officers introduced by Robert Pollock, Noble Grand of the Penticton Lodge, included George Leffer, Grand Master of B.C.; Dave Whiting, District Deputy Grand Master; of Little Mountain Lodge, Vancouver; Brother Brown, District Deputy Grand Master, of Princeton; Harold Cochrane, secretary of the Penticton Lodge, and Sister F. De Laura, acting Noble Grand of the Penticton Redlands Rebekah Lodge.

Miss Donna Marie Hauser, Penticton school student, played piano selections during the evening. Miss Gertrude Dafeo also played piano music.

## Okanagan Mission Home Completely Destroyed By Fire

KELOWNA — Fire, believed to have started in shaving insulation in the attic, completely destroyed the home of Mr. and Mrs. W. C. Knowles in Okanagan Mission late Sunday afternoon, causing an estimated damage of \$15,000. Only a few items were saved, the rapidly consuming fire destroying 2 all furniture, appliances and most of the clothing owned by the couple and their two daughters, Diane, 15, and Sylvia, 11.

## Sports - Pourri

By SID GODBER

Bill Warwick's injury is not as serious as first reports indicated. It's bad enough. A strained ligament, left leg. Bill, now hobbling around with his knee in a cast, says that with luck he'll be back in three weeks—admits though—it could be more like six or seven. Doubtful if we'll see him on the ice before New Year.

Actually, in comparison with other clubs, the V's have been lucky. Warwick's injury is the first serious one of the season. Compared with Vernon's list of injuries the V's can consider themselves basking in the smiles of Dame Fortune. Kelowna and Kamloops have suffered too.

It's not so good for all that. One man doesn't make a hockey team, but when that one man happens to be one of the club's best, and the club has only 14 players on the roster the loss of one man can have the coach scratching his head.

Would be nice right now if brother Grant Warwick could be swung in, but that, despite all rumors to the contrary, is out. I doubt very much whether Grant will get to see action with the V's this season. They want him back down east in the work way and I understand a WIL club is dickering for him. About the only way Grant could get into the V's uniform is to buy his release—and the price tag is thought to be high.

Haven't got any details on the Kamloops game but with a 5-5 draw it must have been a humdinger. If the V's were playing anything like they did against Kelowna Friday the Elks must have pulled up their socks considerably.

SID GODBER

And that brings me to Friday's game—a honey. Picking the three stars for that one was a mean chore. More stars than stars. Got some digs about being biased because I didn't decorate at least one Kelowna player, but there wasn't one player who stood out above his teammates. That wasn't a slur on Kelowna as a team. Packers turned in a good game and it wasn't until well on in the third period that I felt the V's had it in the bag, but there wasn't one man who could be called a standout.

Friday's game must have proved to the satisfaction of a lot of people that hockey is just as entertaining without the rough stuff. Bill Warwick, for example, looked ten times better out there when he was concentrating on playing hockey and not trying to scare the pants off the opposition. Referees Bill Neilson and Johnny Ursaki handled the game well. Neilson says it was the cleanest he's handled in two seasons.

George Morrish, back in commercial hockey after a two weeks' rest, seemed out to prove that he isn't such an old man as this column commented last week. George assisted Jim McLean in each of his three goals, combined with Jim to help Fossen score one and netted one himself to count his fifth point. The Merchants swear that the other old man, Pat Mulligan, got an assist on the second, but not so the referees and Pat isn't credited with the point.

Despite the fairly high scores in Sunday's games it would have been hard to choose the best goal. Madden, Fraser, Moog and Rudi Grabowski. All put on first class shows. Most experienced goalies Fred Madden, Rudi takes most chances. In the last two games he has been hit in the face, legacies from coddling the ice in making saves.

Somebody is happy about the referees. Several spectators have commented on the fairness of the commercial league arbitrators. Mike Baron is on hand each week. Original idea was to share the offices between Mike and one member of the V's, but for the last three games Lloyd Gilmore has been blowing the whistle every Sunday afternoon.

Number nine was different—the V's lost—so did I—but I can't kick. I've been collecting as regularly as pay day on the V's home ice win streak. Great battle, though. I'd claim a moral victory if I thought my flint-hearted creditors around here would let me get away with it. Heard somebody saying only recently that Hal Gordon wasn't so hot in goal. I hope he doesn't get any hotter. Ivan McLellan had the easiest night of the two goalies but he didn't have any panic. Ivan stopped some lusus and what got past him were labelled all the way. No doubt about it, we're going to miss Bill Warwick. Noticed that Kamloops' Jack Smith plays something of the same kind of riding the range game as Bill.

George McAvoy is having it tough playing swing man—one game back, the next up front. He's doing right well too. Merv Bregg is beginning to hit his stride. It's not generally known that Merv played almost from the beginning of the season with a painful knuckle injury. Every time he got it rapped he knew about it. Really, rustling along with Merv are Don Berry and Ernie Rucks. About as good a playmaker as there is in this league is Don Culley—watch him. . . . Angy Defelice is a deceiving cuss. See him out on the ice and he looks as if he'd break in two if somebody hits him. Maybe that's what one or two of the husky Kamloops defencemen thought last night, but usually it was Angy who skated away smiling.

Still think we've got the best defence in the league, but it's tough going for Johnston, Schmidt and Brown to have to split the chore over sixty minutes. . . . would feel a lot happier with a couple more players on the roster. . . . Bet the boys had Hal Gordon cross-eyed that first period trying to keep track of the puck as it swished across in front of him. Seemed we were either a little too soon or a little too late for the payoff.

Anyway Kamloops could go home last night and complain in truth that "we wuz robbed". . . . some little hellion thought it a neat trick to break into the Elks' dressing room and lift their small change, 61 bucks in all. . . . Jim Fleming seems to be off color these days but I suppose it would have to be serious before he'd lay off with the V's short-handed. . . . Dick Warwick and Doug Kilburn are paying the penalty for causing their opponents a lot of trouble. . . . they're sure checked and double checked. . . . Must remember from now on number nine is an unlucky number.

## ELKS SHATTER V's WIN STREAK ON HOME ICE WITH OVERTIME VICTORY

## Elks Hold V's To Tie In Kamloops; Bill Warwick Hurt

KAMLOOPS — If there are any persons in Kamloops who still feel, after watching Saturday evening's thrilling 5-5 overtime OSAHL battle between Kamloops Elks and Penticton V's, that Walt Malahoff is teetering on his last legs as a hockey goalie, they are due for an immediate appointment with the nearest psychiatrist.

For Walt, called Saturday afternoon to replace regular goalie Hal Gordon, who was injured in a practice session Friday evening, matched V's pipeman Ivan McLellan inch-for-inch as the pair staged hard-to-beat netminding exhibition.

BILL WARWICK  
Out With Injuries

Elks, who kept nearly 2000 fans cheering from start to finish. But Malahoff doesn't deserve all the credit. Elks, hustling in a fashion that they haven't before, gave him all the support he needed. The Kamloops puckmen skated and worked their hearts out, giving a very pleased crowd a "treat" instead of a "treatment".

Goals by Johnny Millard and Jack Smith in the third period produced the 5-5 tie.

The fifth Penticton goal was recorded a second before the end of the second canto. Defenceman Eddie Brown was the boy who scored it, banging the rubber home just after Malahoff had warded crowding V's away from the net.

GAME GOES INTO OVERTIME The game then moved into a 10-minute overtime and both teams failed to score as McLellan and Malahoff played sensational goal.

McLellan had the tougher job of the two pipemen, stopping 33 of 38 Kamloops shots. Malahoff threw away 20 of 25 Penticton efforts.

At the start of the third period Bill Warwick was carried off the ice after being blocked out by Danny McDougall. Minutes later Don Berry had to leave V's bench when he was hit by a flying puck.

First period — Penticton, Kilburn (B. Warwick, McAvoy) 6:27; Kamloops, Larsen (Clovechok) 7:14; Kamloops, Hryciuk 15:46. Penalties — Kilburn, Warwick, Clovechok.

Second period — Penticton, Schmidt (Culley) 12:01; Penticton, Rucks (Fleming, Bregg) 14:14; Kamloops, Goodacre 14:22; Penticton, Defelice (Culley, Bregg) 19:30; Penticton, Brown (Defelice) 19:50.

Third period — Kamloops, Millard (Larsen) 0:50; Kamloops, Smith (Hryciuk) 12:14. Penalties — Rucks, Fleming, McAvoy, Larsen. Overtime — No scoring. Penalties — McAvoy, Schmidt. Referees: Ken Stewart, Johnny Ursaki.

Milt Schmidt is one of the few players in the National Hockey League who likes to have his skates smaller than his head. The victor at Boston Bruin captain uses a skate one size smaller than the size of his foot. Milt likes the minimum amount of blade on the ice surface.

## Local Cricketers Celebrate Third Spencer Cup Win At Annual Dinner

For the third year in succession Naramata cricketers toasted "the game" in the contents of the Spencer Cup when they held the club's annual banquet aboard the Sicomus last Thursday.

About 30 members and guests, including H. Wheelton, former captain of the team who recently returned to Naramata, were present.

Kenneth McKay, club president, presented the annual award for the best bowling average to Wally Morgan, the club's top all-rounder, who headed the bowling lists with 15 wickets for 72 runs.

Morgan also topped the batting list with an average of 74.50 runs. His top score was 52 not out against Trail.

The trophy is a cricket ball, first presented by the Compton Dando, Somerset, in 1897 to A. L. Jones. In 1949 the ball was given to the Naramata club and has been awarded annually since that year.

Films depicting the history of cricket and also a test match series between England and Australia were shown and at least one member of the club recalled pleasant memories when shots of Don Bradman and Stan McCabe, Australian stars, were screened.

Walter Wright, former manager of the Bank of Montreal here, recalled that Bradman, one of cricket's all-time great, who was later knighted for his prowess, McCabe and he spent many pleasant hours together when the Australian side visited Vancouver on its Canadian tour in 1933.

## Lakers Open School Hoop Wars With Big Victory At Kelowna

Penticton High School's hoop teams opened the basketball season at Kelowna last Saturday and maintained the pattern set last season, with the Lakers overwhelming the Kelowna Golden Owls 66-38 and the Pen Hi Lakettes dropping a 13-32 decision to the Orchard City Golden Owlettes.

The Lakers, with their sights set on a B.C. championship, came through in fine style after a very shaky start. The forecast was for a Penticton walkover, but halfway through the first quarter the prophets looked away off base, when the Owls took a 9-1 lead.

Reserve strength, however, was again the deciding factor. Although it did not show much in the scoring department there was very little to choose between the Penticton first and second strings, while Kelowna's second string was far weaker than its starters.

Kelowna held a 14-10 lead going into the second quarter, but the Lakers outscored them 14-8 in that frame to take a lead they never relinquished.

BURCH TOPS High scorer for Pen Hi was Charlie Burch, who put in 15 points. Burch was outjumping many boys three and four inches taller than himself and tipped in many rebounds.

Grant MacDonald, reserve centre for the Lakers, showed a big improvement over his first appearance and sank 10 points. Gordy May and Ted Bowfield both played superb ball. May and centre Bill Hanlon were working a smooth combination with Bowfield bringing up the ball and working in on many plays. Bowfield scored 12 points and May 13 for a good night's work.

Big man for the Kelowna quintette was Dave Wiens who dropped in 14 points. Wiens possesses a very accurate shooting eye and teamed with Lou Butcher, who was good for 11 points, in plenty hard to stop.

The girls' preliminary was exactly the opposite with the Owlettes snatching nearly all the rebounds at both ends. The Lakettes sadly missed Joan McKee and several other of last season's stalwarts. High scorer in the girls' contest was Kelowna's Lois Underhill with 10 points.

SUMMARY KHS Owlettes — Mary MacKenzie, Lois Underhill 10, Dianne Flock, Linda Cheezel 8, Audrey James 8, Hazel Landon 8, Val Walker 1, Noney Drake, Sandra Lipsett 3.

PHS Lakettes — Audrey Parmley, Miriam Dennis 2, Elaine Hines, Maribel Burch 3, Joan Colison, Joan Nagle, Bobbie MacLochlan, Lois Campbell 4, Emma Vasekano, Jeanette Lambert 4. Total — 13.

PHS Lakers — Bill Hanlon 9, Don Puddy 5, Gordy May 13, Ron Friend 2, Ted Bowfield 12, Grant MacDonald 10, Fred Castron, George Drosson, Charlie Burch 15, Larry Jordan. Total — 66.

KHS Owls — Roger Tait, Don Bennett 1, Jim Scanland 1, Lou Butcher 11, Don MacKenzie, Cliff Serva 8, Pete McNaughton 2, Lorn Greenway 1, Dave Wiens 14. Total — 38.

KELOWNA — A resolution has been sent to the B.C. Game Commission by the Kelowna and District Rod and Gun Club pointing out that the 1952 fishing regulations had Okanagan Lake closed for March and April. The club requested the lake be opened all year round as in the past.

## Red Hot Vernon Canadians Play V's Here Friday

Riding high after their 5-1 upset of the Kelowna Packers last night, the cellar-dwelling Vernon Canadians will be out to further their reputation as giant killers when they take on the Penticton V's at the Memorial arena here on Friday.

Still leading the OSAHL race, the Carsemen will be going all out to redeem themselves after last night's 5-2 defeat at the hands of the Kamloops Elks and put a little ground between themselves and the runnerup Kelowna Packers.

On Saturday, the V's travel to Vernon for a return game with the Dave McKay crew while Kelowna tangles with Paul Thompson's hot and cold Elks at the Mainline centre.

The V's return to the Memorial arena on Tuesday for another joust with the Kelowna Packers, while the Canadians take on the Elks on the former team's home pond.

## Omegas Swamp Summerland In Hoop Contest

Summerland's senior hoopsters were no match for the Omegas powerhouse at the new high school gym here on Saturday night when the Penticton crew steamrolled to a lopsided 60-22 victory in an exhibition game.

Although they never took the lead, the Summerland crew stayed close for the first two quarters, but after that they weren't even in the game as the Omegas outscored them 35 to five, and had the local melonmen sunk half the shots they fired the score would have read double.

Speedy guard Val Keshman led the slaughter with 18 points, with long shot artist Aubrey Powell sinking 10. Big Don Christiane was high man for the losers with nine points. Playing coach Bud Russell was the game's defensive star, nipping Summerland's drives before they got started, but the smooth little guard, usually a dangerous scoring threat, just couldn't seem to connect with the hoop.

CONTROL, BACKBOARDS The Omegas rolled up their tremendous lead in the second half by controlling both back boards. Newcomer Keith McLean showed well, both nabbing rebounds and playmaking from the bucket.

Although they have lost the services of big centre Dick Douglas, the Omegas have picked up several likely looking players and should do well in the Valley senior league scheduled to get underway in the near future.

The league will be made up of teams from Kamloops, Vernon, Kelowna and Penticton, and possibly Summerland. In exhibition games, the local quintette have lost two close decisions to Kamloops Merchants, but showed they are definitely in the same class with the Mainline centre powerhouse.

SUMMARY Penticton Omegas — McLean 6, Eshelman 10, Powell 10, Russell 2, Burchard 5, Boultbee 1, Foley-Bennett 8, Smith 6, Butler 4. Total — 60.

Summerland Seniors — Alkin 4, Nieblitt, Nieblitt 5, Christiane 9, Thompson 2, Weltzel 2, Guidi, Kato. Total — 22.

LACH JOINS 200 CLUB Elmer Lach of Montreal, Canada, became the first player in the NHL to enter the charmed 200-goal circle this season when he scored his 200th NHL tally November 8.

OSLAHL STANDINGS

	P	W	L	D	GF	GA	Pts.
Penticton	18	10	6	2	80	65	22
Kelowna	18	9	9	—	69	74	18
Kamloops	18	8	9	1	75	72	17
Vernon	18	7	10	1	66	79	15

The law of averages caught up with the Penticton V's here Tuesday night and for the first time in nine starts they lowered their colors on home ice.

First to humble the high-riding V's on their own pond were the Kamloops Elks who snatched a 5-2 overtime victory by virtue of costly penalties and the acrobatic antics of one Hal Gordon in the Kamloops goal.

Shifty Johnny Millard blazed in the winner with one minute and 49 seconds of the overtime period gone, but it was Hal Gordon who actually shattered the V's win streak with a spectacular display of net minding which broke the hearts of the rampaging V's who, on the play, were full value for a win.

Close checking throughout the game made it a raggedy affair. V's blasted in the first counter, Jim Fleming doing the honors, early in the first period, and held the lead until well less than three minutes to go in the second the Elks evened the score.

Elks broke the deadlock after fourteen minutes of play in the third period while the V's were short-handed. The smallest crowd of the season—but still tops in this league—1925 cash customers—were thinking of going home when Don Culley, after three frantic pokes, got the rubber past Gordon. The big clock said 19:43, 17 seconds to go.

Gordon but nary a one could they get in. While all this was going on Vernon was helping to keep the V's on top of the heap by trouncing Kelowna Packers 5-1 and who Penticton fans were pulling for was evidenced by the ear-splitting yell which went up as the score of the Packers-Vernon game was put over the loudspeaker.

RIFLES ELKS POCKETS Down in the dressing room during the first period a supposedly juvenile prowler, was ransacking the pockets of the Kamloops players in their dressing room and at this writing is on the loose with \$61 on Kamloops Elks' money.

This may have been the factor which brought the Elks out on the ice in fighting mood for the second period after a first session in which the V's had everything their own way except for getting the puck past Gordon.

SUMMARY First period — 1. Penticton, Fleming (Brown) 6:55. Penalties—Clovechok, McAvoy, Rucks, Taggart, Defelice, Smith, Terry.

Second period — 2. Kamloops, Smith (Hryciuk) 17:42. Penalties—Johnson, Smith.

Third period — 3. Kamloops, Carlson (Smith) 13:44; 4. Penticton, Culley (unassisted) 19:48. Penalties — Taggart, Carlson, Culley.

Overtime — 5. Kamloops, Millard (Clovechok, Larson) 1:49; 6. Kamloops, Clovechok (Taggart) 6:29; 7. Kamloops, Hryciuk (Smith) 8:52. Penalties — Bregg, Defelice.

Shots on goal — Penticton 29; Kamloops 26.

Referees — Smith and Stewart.

## Canadians Hand Kamloops Elks 8-3 Drubbing

KAMLOOPS — In the words of a great percentage of the hockey fans—Vernon cheering section not included—who took in the OSAHL contest at Memorial arena last Thursday night, "ah them Elks are bums, they should have stayed in bed."

Regardless of how true the aforementioned statement is, there was definitely something lacking in the Kamloops squad as the hustling young Vernon Canadians applied a stinging 8-3 drubbing to the home-owners before some 1400 disgruntled fans.

It just wasn't Elks' night as the Canadians took their shovels at the sound of the opening whistle and never stopped digging until the final minute had ticked away its last weary second. Vernon's coach Dave McKay can be justifiably proud of his hardworking gang after their spirited showing Thursday night. They hung onto the Elks at every point on the ice and gave them no chance to get unwound.

First period—Vernon, Davidson (Hage) 4:11; Vernon, Simms (Geary) 10:45; Vernon, Harms (Steyk) 11:54; Vernon, Lucchini (Steyk) 12:18; Vernon, Lucchini (Steyk, Harms) 13:33; Kamloops, Clovechok (Chakowski, Lundmark) 19:05. Penalties—McDougald (2), Tarnow.

Second period—Vernon, Davidson (unassisted) 8:03; Kamloops, Smith (Kotanen) 7:28. Penalties—Harms, Larson, Simms.

Third period—Kamloops, Hryciuk (unassisted) 8:03; Vernon, Balance (Harms, Steyk) 15:35; Vernon, Biedocki (unassisted) 19:08. Penalties—Harms, Kotanen.

Referees—Smith, Ursaki.

An "indestructible" dinghy made of opaque glass fibre, was launched on the Isle of Guernsey.

## V's Setting Fast Pace In OSAHL

With roughly a third of the OSAHL season gone, the Pentiction V's are still setting the pace in nearly all departments, according to figures issued this week by league statistician Bill Padley, of Kamloops.

In addition to topping the league, the V's dominate the individual scoring honor roll. In games up to and including November 21, rugged Bill Warwick and linemate Doug Kilburn are leading the pack with 25 points each, closely followed by Kelowna Packers' Mike Durban with 24.

Pentictionite Dick Warwick is in third spot with 23 points and big Jim Fleming has come up the ladder to tie with Vernon's Leo Lucchini with 22 points in fourth place.

Bill Warwick is top playmaker with 18 assists to his credit, while Fleming is the top goal getter with 14. Warwick also has the distinction of being the league's highest scoring badman with 47 minutes in the penalty box.

Ivan McLelland's 3.40 goal average is second only to that of the Packers' sensational spare netminder Al Laface who boasts a goals against average of 3.20.

Following are the goaltenders' averages and player standings for games up to and including November 21.

### GOALTENDERS' AVERAGES

	GP	GA	Avg.
--	----	----	------

A. Laface, Kelowna	9	29	3.20
--------------------	---	----	------

## Hat Trick For Bill Warwick

# Blitzkrieg Tactics Pay Off As V's Defeat Kelowna 7-4 Before Full House

A five minute, four goal blitzkrieg, bridging the first and second periods, was enough to keep the V's home game victory record intact here Friday. The Carsemen's 7-4 win at the expense of the Kelowna Packers was their eighth straight league triumph on home ice.

The win also enabled the V's to hold on to top place in the OSAHL. Had the Packers won they would have drawn into a tie with the V's by virtue of their 4-2 win over Vernon on Saturday while the V's were battling to a 5-5 draw at Kamloops.

Friday's game was far and away the best seen on Pentiction ice this season. It was most certainly the cleanest with only seven penalties, all minor, being doled out.

The game a socker for the

Player coach Phil Hergeshelmer scored Kelowna's lone goal of the period. He snapped up the puck as it catapulted off Joe Kaiser's stick from a face off and drilled it past McLelland, who seemed to be caught napping.

It was tit for tat for most of the third period. It opened fast with Dick Warwick making a break-away that had the crowd roaring. Ever dangerous Harvey Stein answered this with a swoop and a shot that to all appearances had McLelland guessing, but knee dipping like a ballet dancer, the V's goalie got his skate to it.

Kelowna got back into the game on a picture combination goal between Hoskins and Ken Amundrud, but Bill Warwick countered three minutes later with his hat trick goal climaxing a three man play with Kilburn and brother Dick.

Amundrud banged away savagely at McLelland and with five minutes to go Roche went through with Amundrud and Durban to lessen the gap to 6-4.

The Carsemen again turned on the heat. Don Berry came close, smacking the goal post. Gibson went down in a flurry of piled up players but it remained for Eddie Brown to bullet in number seven for the V's to make it a perfect day for the husky defenseman.

The game was a crowd pleaser all the way with the V's decisive victors.

**SUMMARY**  
First period — 1, Pentiction, Bill Warwick (unassisted) 7:54; 2, Kelowna, Tamblin (Hoskins, K. Amundrud) 12:09; 3, Pentiction, Defelice (Berry, Culley) 19:54. Penalties — McKay, Bregg.

Second period — 4, Pentiction, Bill Warwick (Kilburn, Johnston) 1:06; 5, Pentiction, Kilburn (unassisted) 1:47; 6, Pentiction, Bregg (Defelice, Culley) 4:39; 7, Kelowna, Hergeshelmer (Kaiser) 15:35. Penalties — Hanson, H. Amundrud.

Third period — 8, Kelowna, Hoskins (K. Amundrud) 9:16; 9, Pentiction, Bill Warwick (Kilburn) 12:07; 10, Kelowna, Roche (H. Amundrud, Durban) 15:08; 11, Pentiction, Brown (Defelice, Berry) 17:00. Penalties — Berry, Brown, Stein. Shots on goal — Pentiction 29, Kelowna 35.

Referees — Bill Neilson and Johnny Ursaki.

**VANCOUVER**—The British Columbia Amateur Boxing Association has broken off all existing ties with the B.C. branch of the Amateur Athletic Union of Canada.

Starring on the defence in this period was Willie Schmidt. Twice he was lone man back on break-a-ways and twice he smashed deadly plays. His homeing body checks and heady play were also a major factor in turning Kelowna attacks while the V's were short-handed.

With only six seconds to go and the score tied at 1-1 Defelice pounced on Berry's cross to culminate a sweet three man play, Culley to Berry to Defelice, to push the V's in front.

V's turned on the heat with the opening whistle in the second stanza. Dividends came fast. Bill Warwick carried the puck around the Kelowna goal, shot it out to Kilburn, Kilburn put it over to Dick Warwick, Dick lammed it into the tangle and Bill poked it home.

**RANG THE BELL**  
Thirty-one seconds later Doug Kilburn pounced on a loose puck and rang the bell with a whizzer that had Gibson flat footed.

## City Curlers Win Kamloops Rotary Trophy

A Pentiction rink has brought home the Kamloops Rotary Club's trophy for curling, after emerging winner of a twelve rink contest in Revelstoke last week.

The Pentiction rink, skipped by J. McKay, includes Jim Brittain, W. W. Riddell and Lefty Grove. This is the third year the trophy had been put up for competition by Rotary Clubs.

Entrants curled at Kamloops, Vernon and Revelstoke in 1950, 1951 and 1952 respectively.

Princeton won the trophy in the first year of competition and a Vernon rink was victorious last year.

Less than three minutes later Brown launched an offensive play and shot from the blueline, the smack of his board-splitting shot echoing above the roar of the crowd.

Bregg, Defelice and Culley ram-paged in on the rebound and with only four minutes gone Bregg bulged the twine for tally number five.

Player coach Phil Hergeshelmer scored Kelowna's lone goal of the period. He snapped up the puck as it catapulted off Joe Kaiser's stick from a face off and drilled it past McLelland, who seemed to be caught napping.

It was tit for tat for most of the third period. It opened fast with Dick Warwick making a break-away that had the crowd roaring. Ever dangerous Harvey Stein answered this with a swoop and a shot that to all appearances had McLelland guessing, but knee dipping like a ballet dancer, the V's goalie got his skate to it.

Kelowna got back into the game on a picture combination goal between Hoskins and Ken Amundrud, but Bill Warwick countered three minutes later with his hat trick goal climaxing a three man play with Kilburn and brother Dick.

Amundrud banged away savagely at McLelland and with five minutes to go Roche went through with Amundrud and Durban to lessen the gap to 6-4.

The Carsemen again turned on the heat. Don Berry came close, smacking the goal post. Gibson went down in a flurry of piled up players but it remained for Eddie Brown to bullet in number seven for the V's to make it a perfect day for the husky defenseman.

The game was a crowd pleaser all the way with the V's decisive victors.

**SUMMARY**  
First period — 1, Pentiction, Bill Warwick (unassisted) 7:54; 2, Kelowna, Tamblin (Hoskins, K. Amundrud) 12:09; 3, Pentiction, Defelice (Berry, Culley) 19:54. Penalties — McKay, Bregg.

Second period — 4, Pentiction, Bill Warwick (Kilburn, Johnston) 1:06; 5, Pentiction, Kilburn (unassisted) 1:47; 6, Pentiction, Bregg (Defelice, Culley) 4:39; 7, Kelowna, Hergeshelmer (Kaiser) 15:35. Penalties — Hanson, H. Amundrud.

Third period — 8, Kelowna, Hoskins (K. Amundrud) 9:16; 9, Pentiction, Bill Warwick (Kilburn) 12:07; 10, Kelowna, Roche (H. Amundrud, Durban) 15:08; 11, Pentiction, Brown (Defelice, Berry) 17:00. Penalties — Berry, Brown, Stein. Shots on goal — Pentiction 29, Kelowna 35.

Referees — Bill Neilson and Johnny Ursaki.

**VANCOUVER**—The British Columbia Amateur Boxing Association has broken off all existing ties with the B.C. branch of the Amateur Athletic Union of Canada.

Wednesday, December 3 — Tiny tots, 10:00 to 11:00 a.m.; figure skating, 4:00 to 6:00 p.m.; commercial practice, 6:30 to 7:30 p.m.; figure skating, 8:00 to 10:00 p.m.; commercial practice, 10:00 to 12:00 p.m.

**KAMLOOPS** — Open season on cow moose over one year of age in the Kamloops Electoral District and to the North of the main line of the CPR is scheduled for November 24 to November 30. The game department announced two changes in the B.C. game laws, permitting hunting of doe deer and cow moose.

## Ellard Hebb, Kamloops Elks' Trainer, Dies

Ellard Hebb, one of Interior hockey's most colorful figures, and trainer for Kamloops Elks, died last Wednesday as the result of injuries received in an auto crash near Kamloops.

"Hebble", a barber, was prominent in both hockey and lacrosse and had a wide circle of friends. News of their trainer's death was received by the Elks during their game with the Kelowna Packers in Kelowna last Wednesday night. Elks lost the game 4-1 after the Packers came through with three goals in overtime.

**LEADS IN SHUTOUTS**  
"Sugar" Jim Henry, Boston's standout goaltender, leads all NHL goalies with three shutouts.

## Trail Smoke Eaters Buy Coach's Release

TRAIL — Smoke Eaters coach Moe Young was cleared to play with the Kootenay team when a special committee reported it had purchased Young's contract from the Boston Bruins.

Bruins set a price tag of \$2,000, but freed Young upon payment of \$1200 and a promise to pay the balance of \$800 before December 17.

The \$1200 was raised by collections and a donation of \$500 by the hockey club. Young was cleared by Mizz Patrick, manager of the Tacoma Rockets, a Bruins' farm club, in time to play with the Smokies last week.

The 24-year-old Young had been under suspension since his refusal to report to the Rockets in September. He registered 73 points with Tacoma last season.

## Top Junior Tennis Award In Province For Kelowna Youth

KELOWNA — Shortly after having been ranked as the second best player in the 15 and under singles in the province, Glen Delcourt now has been awarded the new B.C. Lawn Tennis Association's top junior award.

It is the Fred Patkin Memorial Rose Bowl Trophy, an award designed to give additional incentive in the association's junior development program.

The BCLTA announcement said Delcourt was selected "not only for his outstanding ability and improvement over the past year but for his excellent display of sportsmanship and court etiquette."

Approximately 25 percent of the goals scored in the NHL after the first 33 games of the 1952-53 season were scored against a team that was short-handed.

ROCKET RICHARD is shown above in a dressing-room nose after equalling the NHL goal scoring record set by Nels "Old Poison" Stewart. The Canadian right winger tied the record as he scored two goals during Toronto's recent 7-5 victory over the Habs in which goaler Gerry McNeil of the Canadiens received a fractured cheek bone.

## Three Goal Second Period Gives Packers 4-2 Win Over Canucks

KELOWNA — A three-goal second period meant the difference as Kelowna Packers stormed from behind to take a 4-2 nod over the Vernon Canadians here Saturday in an OSAHL fixture witnessed by more than 2200 patrons.

Canucks whipped themselves into a frenzy in the first period to grab a 2-0 lead before the canto was half gone, but Packers managed to get one of them back before the bell, although outshot 16-7.

Frank Kuly knotted the count while Vernon was shorthanded and from then on the fading Canucks had to be content with second best in possession of the puck and territorial margin. Harvey Stein flapped in the winner and George Tamblin added a clincher four minutes later.

Both sides dished up a spine-tingling brand of hockey in the final frame, but like so many periods on Kelowna ice of late, it proved scoreless. Combatants played it hard but fairly, most of the time, with only six minor penalties imposed, three to each team. Shots on goal were 30-28 in Vernon's favor.

### PACKERS THIRD WIN

The win, Kelowna's third in their four-game week, consolidated their grip on the runner-up spot. The loss was Vernon's tenth, giving the Canucks the dubious distinction of being first to have their loss column go into double figures.

Ted Simms and Bill Tarnow combined on both Vernon goals for two points each. The new line of Ken Amundrud, Frank Hoskins and George Tamblin figured in three of Kelowna's goals, Hoskins and Tamblin leading the point men with two each.

KELOWNA — Goal, Gibson; defence, Carlson, H. Amundrud; center, Stein; wings, Roche, Durban. Subs—Kaiser, Middleton, Hergesh-

elmer, K. Amundrud, Hoskins, Tamblin, Hanson, Kuly.

VERNON — Goal, Lussier; defence, Geary, Lane; center, Lucchini; wings, Ballance, Harms, Subs—Hage, Davidson, Bidozzi, Simms, Tarnow, Wallington, Casey, Stecyk.

First period—1, Vernon, Simms (Tarnow) 3:51; 2, Vernon, Tarnow (Simms) 9:06; 3, Kelowna, Hoskins (Tamblin, K. Amundrud) 17:54. Penalties — Kuly, H. Amundrud, Davidson.

Second period—4, Kelowna, Kuly (Hoskins) 10:26; 5, Kelowna, Stein (Durban) 13:59; 6, Kelowna, Tamblin, 17:44. Penalty: Geary.

Third period—Scoring: Nil. Penalties—Hanson, Lane. Referees—Smith, Neilson.

## Local Badminton Players Compete In Club Tourney

Miss Evelyn Bartlett and Maury Moyle were the victors in a Penticton Badminton Club tournament held in the new high school gymnasium here on Sunday afternoon.

Approximately 40 players participated in the American doubles style meet. Runnersup in the tourney were Miss Nan Wood and Ron Rutherglen.

Activity on the badminton front this week includes an exchange match with the Oliver shuttle club on Thursday night, with the Penticton first team travelling to the southern centre and the Oliver second team coming to Penticton.

The week-end of December 6 will see the first major badminton tournament of the season when the Oliver Club holds its pre-Christmas meet. A large entry of players from all parts of the South Okanagan is expected.

## Old Fashioned Hat Trick, McLean Gets Three In A Row Against Contractors

### COMMERCIAL LEAGUE STANDINGS

	P	W	L	D	GF	GA	Pts.
Contractors	4	2	1	1	12	16	5
Merchants	4	2	1	1	12	16	5
Packers	4	2	2	—	20	12	4
Garagemen	4	1	2	1	10	9	3
Summerland	4	1	2	1	9	12	3

A decisive 6-1 victory over the Contractors in Sunday's commercial hockey game boosted the Merchants into second place in the standings only a goal average behind the Garagemen, while the Summerland crew were pushed down to the bottom place after losing 6-3 to the Packers.

George Morrish, back after a two game rest with injuries, co-starred with Jim McLean for the Merchants.

McLean scored three goals in succession for a good old-fashioned hat trick in the last half of the first period, Morrish assisting each time. The pair assisted Merle Fossen to score the team's fourth goal and Morrish scored his fifth individual point when he beat Fred Madden to tally his team's sixth goal.

Corrigan scored the Merchant's other goal and Howard Strong picked up a pass from Roy Chapman to score for the Contractors.

Contractors, with three men out, including Mac Collins, were playing at a manpower disadvantage from the start. The defence just couldn't hold the Merchants out, but for the fine efforts of Fred Madden in goal the score might have been worse.

### SUMMERLAND VS PACKERS

Three unassisted goals in the first game by Doug Moore, Chuck Burtch and Phil Johnson highlighted the joust which failed to fulfil its promise of being one for the book.

Despite the 6-3 win, the Packers rarely resembled the team which upstaged the Merchants last week. Summerland didn't seem to be able to get rolling despite the fact that within 18 seconds of the start Archibald opened the scoring from Dik Steininger and Gordie Taylor.

Hooker from Kato put the Summerland team further ahead four minutes later. Burtch reduced the deficit in the first period and Moore scored the equalizer early in the second.

Then the Packers went on the rampage and netted the puck three times without answer, then Byres tallied for Summerland and Moore completed the scoring less than a minute from the end.

Moore's goal gave Burtch his fourth point and Rothfield his third of the game.

Tripping seemed to be the favorite occupation of those who went into temporary retirement. Four of the six penalties handed out in the afternoon were for this offence and the others were for hooking and holding.

The Contractors were the perfect gentlemen with no black marks. The other three teams were credited with two each.

### SUMMARIES

First period — Summerland 1, Archibald (Taylor, Steininger) 0:10; Summerland 2, Hooker (Kato) 3:02; Packers 3, Burtch 12:45. Penalties — nil.

Second period — Packers 4, Moore 1:20. Penalties — Johnson, Burtch.

Third period — Packers 5, Burtch (Rothfield) 2:19; Packers 6, Rothfield (Burtch) 6:10; Packers 7, Johnson 7:40; Summerland 6, Byres; Packers 8, Moore (Burtch, Rothfield). Penalties — Wilde, Campbell.

Merchants vs Contractors — First period — Merchants 1, McLean (Morrish) 10:43; Merchants 2, McLean (Morrish) 15:45; Merchants 3, McLean (Morrish) 19:00. Penalties — Corrigan.

Second period — Contractors 4, Strong (Chapman) 10:55. Penalties — nil.

Third period — Merchants 5, Fossen (Morrish, McLean) 0:41; Merchants 6, Corrigan (O'Brien, Baker) 0:22; Merchants 7, Morrish (Fossen) 0:51. Penalties — Mulligan.

for a  
3-way smoother ride

steadier... more level... softer

Illustrated — Dodge Regent 4-door sedan includes optional extra equipment items. Check with your local Dodge dealer for information on standard equipment.

## drive the all-new '53 DODGE

When you drive a 1953 Dodge, you have the promise of the smoothest, softest, most stable ride you have ever experienced in a car in the lower-priced field.

Here's how this new ride has been engineered.

It's a steadier ride because of a wider frame, a lower centre of gravity, and the new positioning of the wider rear springs.

It's a more level ride, the result of a synchronized springing and scientific weight distribution.

It's a softer ride because of the new principle Oriflow shock absorbers, and new, wider springs which absorb most of the small road shocks.

Be one of the first to experience this thrilling new ride.

Arrange today with your Dodge-DeSoto dealer for a demonstration.

DODGE REGENT • DODGE CRUSADER  
DODGE MAYFAIR • DODGE SAVOY • DODGE SUBURBAN

Manufactured in Canada by Chrysler Corporation of Canada, Limited

Ask your DODGE-DESOOTO dealer about the 75 new features of the '53 DODGE

### new performance

You'll like the finer performance of the new Dodge, its ease of handling when parking... its nimbleness in heavy traffic or on the highway. It's a more compact automobile, yet there's more room than ever for driver and passengers. It's a safer car because of the greatly increased vision area, curved one-piece windshield and wide, wrap-around rear window.

### traditional dependability

Any Dodge owner will tell you: "You can't beat Dodge for dependability." And this 1953 Dodge has been engineered and built to maintain this enviable reputation. Thousands of extra miles of trouble-free operation are built into Dodge to assure you of more pleasant driving hours—less time lost in service and repairs.

## SPORTS CHATTER

By E. J. (Dad) Palmer

**FOOTBALL**  
This being "Grey Cup Week"—next Saturday, November 29, at Varsity Stadium, Toronto, between Edmonton Eskimos and who?—it seems only right to give it precedence in a sports column!

But before Saturday rolls around Argos have to face Sarnia in a sudden death game at Varsity Stadium on Wednesday and anything could happen especially with the woe-filled condition of the playing pitch on Varsity field.

"Dad" Palmer fielded. It was a sea of mud after last Saturday's Tigerat-Argo game, and now with another game next Wednesday—what's it going to be like Saturday? Very much a repetition, I'm afraid, of that awful messy ground on which Argos beat Winnipeg Blue Bombers in 1950 in the final.

I saw that game—one of the most uninteresting, and played on as bad a field as ever I have seen football played on—and yet it was the Canadian final—played by the two best teams in the Dominion that year. But no man, no matter how good, could do himself justice under such foul conditions.

The quarterbacks, Al Dehede-burn of Argos, and Indian Jack Jacobs, just couldn't get forward passes away and didn't try to and so the game degenerated into a hard-fought, sloppy battle along the ground.

Dede proved better than Indian Jack at that, who was very inept indeed, and a terrible disappointment to the big crowd, most of whom were seeing him for the first time, and who knew of the great reputation he had built up for himself out West.

But one man did stand out on the Argo side, "Buckets" Birch. As a secondary defence man he was terrific and seemed to revel in the heavy going. I think the score was around 12 to 1, and "Buckets" was responsible for the difference.

**BOUGHT A TARPULIN**  
After that, 1950 affair the Canadian Football Union bought a tarpaulin for which they paid about \$12,000.00 to guard against future snow storms. So far they have not used the thing, because we've had no snow, so far, only mud. So what to do for Saturday and a good ground?

You will probably give me the big laugh, but just the same I'll come out with this suggestion for what it's worth. After Wednesday's game, lay that tarpaulin over the playing field, fasten it down tight at the sides and ends, put your markings on it and let them play the game on top of it—both teams wearing gym boots, like in basketball, in place of cleats—and you'll perhaps get a better footing, better football and faster all round work, than ever you'll get if you play it on the field as it now is. I'm crazy, eh!!! Well, perhaps you're right.

### HOCKEY

That game last Friday with Kelowna was just about as good a game as we've ever seen here in Penticton. Fast, clean, hard and well handled by the officials. Just the kind that packs them in. With that kind of hockey, folks, you don't need fist fights, stick swinging, or referee bawling to give you all the excitement you want. That brand of hockey gives it to you, regardless.

"Papa" McLelland (congrats to you both, Ivan!) was great in goal, and Bill Warwick stood out with his three goals—but the whole gang was good and so, too, were Kelowna—they never stopped trying.

And while speaking of Kelowna, I have to say a personal "thank you" to the president of their club. He has arranged a press pass and the use of their press box for me any time I visit Kelowna to take in the games between them and Penticton. That is indeed a courtesy I very much appreciate and hope to avail myself of it as often as I can.

And then, in Kamloops on Saturday our boys again did mighty well to break even at five all, after their hard game the night before with Kelowna.

But what a costly tie that may be for our boys. That most unfortunate accident to Bill Warwick, and just when he really seemed to be hitting his stride. That knee injury may keep Bill out of hockey for five or six weeks—knees are funny things, they don't, as a rule, heal any too quickly, and can easily go out of joint again if played on too soon.

I hope not, but Bill's accident may be a very serious blow to our boys before the season comes to an end.

I wonder how many of us who listened a week ago Saturday to Foster Hewitt's hockey broadcast realized the strain he must have been working under. Just a few hours prior to his broadcast he got word of his mother's untimely death and serious injury to his father in a motor accident near Sorrento, Penn. But true to the tradition of the stage and of people who have jobs to perform before the public, and also feeling it was what his mother would have desired him to do, Foster felt that "the show must go on" and so, went through with his program.

It was a cruel break for the Hewitt family, for years closely con-

nected with sports. His father, W. H. (affectionately known as "Bully"), is, as most people know, one of the outstanding figures in amateur hockey and horse racing. He is the secretary registrar of the Canadian Amateur Hockey Association and it is to his office in Toronto that the records of all games played here in our own Commercial League every Sunday are sent for compilation. Goals scored, by whom, penalties, players and referees' names and all filled out by the men who work the clock and keep tab of the penalties in that little box between the two "coolers", and then the referees fill in their report of the games. Quite a system.

### LADIES' BOWLING

Regret that when I went to get last Thursday's results today, they were not available to me, having been taken home by the manager of the alleys for further compilation—so I will have to let them ride for this week. Sorry, girls.

## Local Marauders End Grid Season With Loss To UBC

Penticton Marauders wound up the football season last Saturday when they travelled 18 strong to Vancouver to play an exhibition game against the University of British Columbia Jayvees.

Although they went down to defeat 24-9, the local gridgers did not go down without glory. The UBC squad took an early 6-0 lead, but big Ernie Choukalos cut that down by three when he kicked a perfect 45 yard field goal.

Another touchdown gave the Jayvees a 12-3 lead at the half and they increased that, to 18-3, before Choukalos tossed a forward pass to Bruce Estabrooks for the Marauders' first touchdown to make the score read 18-8. Another UBC touchdown completed the scoring.

The score would have been much worse if it had not been for the superb performance of Penticton quarterback Sholto Heberton. Heberton tossed many accurate passes and knocked down several Jayvee passes that had touchdown labelled all over them.

### WHY WOOD SHRINKS AND SWELLS

Wood shrinks and swells as it assimilates or loses moisture. Its cells pick up moisture during periods of high humidity and discharge it as the air dries. Most such change occurs across the grain of the wood; little along the grain.

When the earliest European explorers discovered this country American Indians were using sunflower seeds as food.

Christmas Island contains 184 square miles and is the largest atoll in the Pacific.

## the retreat from 'leftism' continues

In Australia and New Zealand, in Britain and most Western European countries, and now in the United States voters have turned from leftist experimentation to governments that believe in returning power to the people themselves.

In other words, throughout the free world so-called planned economy by governments is yielding place to planning by those who take the risks of enterprise and have the capacity for leadership.

If British Columbia can prove to the world it is in harmony with this world-wide trend, it may well hope to continue attracting the investment money vital to its progress.

BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

## Overtime Onslaught Gives Packers 4-1 Win Over Kamloops

KELOWNA — Unleashing a torrid offensive for the second night in succession, Kelowna Packers Wednesday night finally cracked the armor of Hal Gordon to ram in three overtime goals and claim a 4-1 victory over the Kamloops Elks and undisputed possession of second place in the OSAHL standings.

At game time both combatants were tied for the runner-up spot. The win, coupled with the triumph at Vernon the night before, moved the Packers to within three points of the front-running Penticton V's.

If the Elks had, by good fortune, won the game, no one could have taken the credit but their glib-edged goals, whose incredible saves would have put any winning goal scorer far in the background. Gordon's matchless exhibition was all that averted a sound lacing for the Elks.

### HUNG ON GRIMLY

For the first five minutes the Packers pelted rubber at Gordon, with Ken Amundrud finally finding a loophole. From then on Gordon hung on grimly under a barrage of pucks and it wasn't until 61 minutes later that young Amundrud duplicated, notching his second goal and raising the flag of victory over a sinking ship.

Frank Kuly and Mike Durban completed the scuttling during the remaining three minutes of overtime, but both goals were abetted by the Elks, who tried to get back into the game and were caught away from home.

Jack Smith tallied Elks' only counter midway through the initial stanza. The second and third periods were scoreless.

Elks, saddened to learn that their trainer, Ellard Hebb, had died during the game from injuries received Sunday night in an auto crash near Kamloops, were out-shot 36-16 in regulation time and 8-4 in the extra session.

KAMLOOPS — Gordon; Taggart, Kotanen, Smith, Carlson, Hrysluk. Subs — Larson, Glovechok, Millard, Chakowski, Lundmark, Goodacre, Terry, McDougald.

KELOWNA — Laface; Carlson, Kuly, Stein, Durban, Roche. Subs — K. Amundrud, Hoskins, Tamblin, Kaiser, Hergeshelmer, Middleton, H. Amundrud, Hanson.

Referees — Neilson and Stewart. First period — 1. Kelowna, K. Amundrud (Hoskins) 5:11; 2. Kamloops, Smith (Terry) 10:15. Penalties — Chakowski, Taggart, Kaiser, Terry.

Second period — Scoring: Nil. Penalties: McDougald (2).

Third period — Scoring: Nil.

## Organize Junior Football League For Next Season

That something concrete may be done about organizing football in this district was indicated in a letter received by the Herald sports department this week from a football enthusiast in Copper Mountain.

The writer, W. Shindle, advocates the formation of a three team league of boys under 15 comprising Copper Mountain, Princeton and Penticton for a start. He is willing to do the groundwork in Copper Mountain, but is looking for someone to take over the job in the other two centres.

Mr. Shindle's letter follows in full: Sports Editor, Penticton Herald.

As a recent arrival here from Winnipeg, home of the (almost) Grey Cup contenders, where football ranks high on the sports list, I was somewhat disappointed at the lack of football interest in this district.

The recent entry of the Penticton Marauders into the junior league is a very encouraging sign.

I have also noticed that the lack of interest is not accompanied by a lack of enthusiasm, fortunately. Therefore, I have formed, or am attempting to form, a football team for players fifteen years old and younger. Do you know of a team in that age bracket? My hope is to see an original three team loop comprised of Copper Mountain, Princeton and Penticton, with possible later additions from Oliver, Keremeos and surrounding towns.

Do you think the idea has possibilities and will stir up football interest? I would appreciate hearing views on the subject, and also hope you can suggest someone willing to undertake the job.

W. SHINDLE,  
Copper Mountain

KAMLOOPS — Grant MacLeod was elected president of the Kamloops Commercial Hockey League at a meeting last week. Mike Murphy was named vice-president and Huntly Corkle was voted secretary-manager.

Penalties: Nil.

Overtime — 3. Kelowna, K. Amundrud (Tamblin) 6:39; 4. Kelowna, Kuly (Middleton, Hergeshelmer) 8:10; 5. Kelowna, Durban (Roche, Stein) 9:25. Penalties: Nil.

## DUCK LAKE MAY NO LONGER BE BIRD SANCTUM

KELOWNA — Duck Lake, sometimes called Ellison Lake, soon may no longer be a sanctuary for migrating birds.

It was established as a reserve about four years ago by the B.C. Game Commission following representations from the Kelowna and District Rod and Gun Club. Since then herds of ducks and geese have sought shelter on its muddy waters from booming guns.

Although without the official brief to go by, the executive of the KD RGC learned the Kelowna Aviation Council has complained about the danger of flights of geese causing accidents at the landing field at Ellison, a short distance south of Duck Lake, and the executive has decided to support the aviation council's stand.

### WAIT FOR BRIEF

However, no active steps will be taken until the council's brief, submitted recently to City Council, has come to hand for study.

A spokesman for KD RGC said if the game department now sees fit to follow the club's suggestion of lifting shooting restrictions on Duck Lake, conservation measures will not be seriously hurt.

Since Duck Lake first was set aside as a reserve other resting places, where shooting is forbidden, have been approved in this area. He mentioned specifically the region immediately south of the city, along Okanagan Lake, and the waters of Okanagan Lake within the city limits.

## Truck, Car Damaged In Collision At Post Office Corner

Collision between a milk delivery truck and a car at the intersection of Main street and Nanaimo avenue Tuesday morning about 10:15 a.m. resulted in slight damage being sustained by both vehicles. No one was injured.

The truck was proceeding south on Main street when it collided with the car which was in the process of turning off onto Nanaimo avenue west.

The fender of the car and the truck grill were damaged. Ralph Elmer, of Penticton, was driver of the truck. Harry Schindel, of Vancouver, was driver of the car.

*Announcing*

THE PURCHASE OF

**PENTICTON TIRE HOSPITAL AND GARAGE**

**BY. WILF DUPONT AND TED MOORE**

To Be Known In The Future As

**DUPONT-MOORE MOTORS LTD.**

In buying the Penticton Tire Hospital & Garage, and beginning operations under the title . . . Dupont-Moore Motors Ltd. . . we hope to bring to the people of Penticton and surrounding districts all that is best, and fair, in Automotive Sales and Service . . . We are the agents for Studebaker and Austin cars, and while that is the main part of our undertaking, we will continue to handle the clean, top value used cars that have been a feature of this business. Our service dept. is staffed by efficient mechanics working with the best equipment available for the better servicing of your cars, and we hope to increase the customer goodwill that we have enjoyed in the past. Please feel free to drop in any time . . . See one of the largest Austin and Studebaker parts departments in the Interior . . . Talk over your auto needs and problems, and inspect our premises . . . and don't forget to watch for our large remodelling programme in the near future.

**TED MOORE**  
Vice-President

Born and educated in Vancouver, B.C., where he started work with Kelly Douglas Co. Ltd. After service in the Canadian Army moved to Penticton in 1946 as Manager of Kelly Douglas. Mr. Moore brings more than 20 years office and managerial experience to the new business and hopes to maintain an even higher degree of efficiency than in the past.

**WILF DUPONT**  
President

Born and educated in Saskatchewan he entered the automobile business in 1931. In 1936 he accepted a position with the Studebaker Corp. of Windsor, Ont., which he held until called to the Air Force. After discharge in 1945 Mr. Dupont moved to Kelowna, B.C., travelling for the Studebaker Co. and due to the knowledge of B.C. towns gained in this manner, decided to make Penticton his home. In 1951 he was appointed manager of the Penticton Tire Hospital and Garage, and in celebrating his first birthday in that capacity by buying the business with his partner.

**TROPHY WINNER**—Phil Garratt, Toronto, is shown at the controls of his de Havilland "Beaver" at the Seignior Club in Montebello. Garratt's contribution in designing the Beaver and "Otter" has won him the McKee trophy, annual award to the person who has done most for Canadian aviation. The award was presented at the meeting of the Air Industries and Transport Association.

## Vote Funds For City Management Survey

Arrangements for a management survey of the city are presently being made with Stevenson and Kellogg, business management experts, City Council learned Monday.

At last week's meeting council agreed that \$2,000 should be allocated for that purpose and this week the company was advised that a survey, has been authorized.

Council also authorized \$2,000 for maintenance work on the road to the Penticton reservoir and another \$3,500 for construction of a sand trap in the Ellis Creek irrigation system.

A management survey was sought earlier in the year but no funds were available at the time.

**SMALL SURPLUS**  
Decision to authorize the projects was made after Alderman E. A. Titchmarsh told council that he expected to show a small surplus by the end of the year and that \$10,000 could be used on necessary projects.

"Are you sure there will be a surplus?" Alderman J. G. Harris asked cautiously.

"You may be sure I would tell if I thought there would be a deficit," smiled the finance chairman.

Alderman Titchmarsh suggested several projects, none of which he favored particularly.

"There is a traffic light needed at Eckhardt avenue and Main street; there is the Stevenson Kellogg management survey of the city hall and a sand trap system is needed in the sewer project, he suggested.

**SAND TRAP REQUIRED**  
Alderman Charles Phipps declared that he would like to see a sand trap in the Ellis Creek irrigation system. "It would cost about \$3,500," he estimated.

It was suggested that the money should be divided equally between all departments. "It looks as though you will have to set up a committee to decide what to do with it," Mayor W. A. Rathbun commented.

"Having a little money seems to be greater trouble than not having enough," Alderman Titchmarsh declared. "If you care to leave it with my committee we could reduce the city's debt."

Alderman F. C. Christian favored the management study. "I think it would be wise to have it done at this time before we go into another year."

**IN AGREEMENT**  
"It may surprise you to know that I agree with Alderman Christian," Alderman J. G. Harris said. "We have problems here and it would be a good idea to have an impartial opinion. There is cost accounting and budget control to be considered. They will have to be clarified sooner or later. This is an ideal time to get advice. The engineer's department is doing cost accounting, the city hall staff is doing budget control. I cannot see why an overall system cannot be carried out by the city hall staff," he explained.

Council agreed that \$2,000 should be earmarked for the survey and Mayor Rathbun suggested that an additional \$1,000 should be kept in reserve.

Council also agreed that \$2,000 should be spent on the road to the reservoir and that \$3,500 should be spent on the sand trap.

Allocation of the funds left \$2,500 and this week \$800 was voted for work on a by-pass overflow at the sewer plant and \$1,000 was voted to augment the electric light department's budget.

## Funeral Services For Mrs. Davidson

Funeral services were conducted in Vancouver last Thursday for Mrs. Margaret Davidson, former Penticton resident, who died in a Vancouver hospital last Tuesday.

Mrs. Davidson came to Canada from Scotland in 1900 with her husband, who was employed by the CPR in Winnipeg until 1922 when he retired and came to Penticton where he cultivated an orchard.

Mrs. Davidson moved to Vancouver after the death of her husband in March.

She is survived by five sons, Edward, Penticton; James, Okanagan; William Edward, Toronto; George, Victoria; and David, Chicago. Also surviving are eleven grandchildren and six great grandchildren.

The Rev. Dr. Stanley Packham officiated at private funeral services. Remains were forwarded to Penticton for interment in the family plot Lakeview Cemetery.

**Permission To Use Garage As Home Is Refused By Council**  
Permission to erect a temporary dwelling for habitation while his permanent home is being built was denied J. F. Mitchell by City Council on Monday.

Mr. Mitchell told council that he had purchased a lot on Municipal avenue and that he wished to build a garage in which he planned to live while working on the construction of a house. "The building will be used as a garage as soon as I have finished my home," he assured council.

Alderman W. D. Haddleton pointed out that the use of the garage as a dwelling would mean outside plumbing and he stated that he was opposed to the granting of permission.

## Present Reports At Annual Okanagan Red Cross Conference

A plea for revived interest in Red Cross work made to 80 representatives of 12 Okanagan communities by Mrs. R. C. J. Satge, Provincial Director of Nursing, in an address at the Okanagan Regional Red Cross Conference held in Oliver on November 14.

Mrs. W. S. Reeder, of Penticton, chairman of the meeting, introduced the guests, including Lt. Col. C. P. Sturrett, OBE, who attended the National Council in Toronto; Colonel Robertson provincial director of blood donor panels, Sandy Little, Oliver, who reported on the Oliver school's Junior Red Cross activities and Orson Banfield, past provincial president.

Lt. Col. Sturrett, reporting on his visit to Toronto, told the audience that the reserve fund for 1952 is low and that budgets would have to be cut by ten percent in consequence. Because of the shortage of funds it is unlikely that the sub-depot blood transfusion centre, mooted for the interior, would be built.

Mrs. Satge, in an appeal for renewed interest, said that many of the society's "faithful members are in need of a rest" and that younger women should be sought to replace them.

She also urged more interest in Junior Red Cross work. "The young members, in the future, will carry on the work started by their elders," she said. Home nursing is more necessary than ever, according to Mrs. Satge, because hospital facilities are overtaxed. Many retired and aged people are coming to B.C. and many of them are in need of home care.

Speaking of Loan Cupboards, Mrs. Satge said that one was started in 1937 and now there are 36. The cupboards, which are stocked through contributions of articles and money, are in need of quilts, knitted garments and particularly children's clothing.

Much of the clothing will be sent to children of displaced persons arriving in Canada from Europe. Come of the clothing will be sent to children in Pakistan and Great Britain.

In his report Colonel Robertson, said that B.C. has exceeded all other Canadian provinces in blood donations although at times, because of the increased population and the increased number of hospital beds in use, there was a shortage of plasma. It will be necessary to increase the number of donors next year. He suggested that less reliance should be placed on advertising and more on personal canvasses.

Following the reports Lt. Colonel Sturrett presented a badge to L. R. Stevens, of Kelowna, in recognition of the 20 pints of blood Mr. Stevens has donated.

Mr. Banfield, who was one of B.C.'s representatives at the 18th International Red Cross Conference in Toronto, spoke briefly on his experiences in the Ontario city.

He described his visit as "interesting and fascinating" and he added that although there appeared to be a desire, on the part of the Russian and Chinese delegates, to "make things difficult" the conference was a success.

## Stenographer Wanted

The City of Penticton has an opening for an experienced Stenographer, capable of doing filing and other general office work. Permanent position.

Starting Salary for first 3 months \$158.00. Thereafter \$163.50 with regular increases to \$181.50.

**Kamloops Christmas Stock Show And Sale To Be Held Dec. 2, 3, 4**

The Christmas Fat Stock Show and Sale will be held at Kamloops on December 2, 3 and 4.

Entries of fat stock are up to last year's numbers in the classes for carlots and groups of five.

Single entries in the open classes total 31, five more than last year. Junior exhibitors of calves, including 4-H Club members and non-club juniors, total to date 101.

There is also a small class of Lambs shown by boys and girls.

This year the show has drawn entries from a very large part of British Columbia. There are 4-H Clubs showing here which cover the western interior of B.C. from the U.S. border to 50 miles North of Kamloops.

This is where you can see the boys and girls the country has produced and the stock they have cared for.

Competition will be keen for the McMorran Trophy in the stall competition, won last year by the Barriere 4-H Club.

An account, presented to City Council Monday, for \$226, Penticton's share of valley civil defence expenses, was referred to the civil defence committee, for examination.

**The Big Eye**

By JOANNE VAUGHAN

**SKATING PARTY:**

What fun! And we mean the Pen High skating party held in the Memorial arena last Saturday night. The kids had a grand time skating on the smooth ice (with only occasional tumbles, too) to the recorded music of modern orchestras. Highlight of the gay evening was an exciting broom ball game between the athletic council and the student council. "Rough and Tough", David Pritchard, on behalf of the athletic council, had challenged the student council to a game of broom ball at the skating party, and "Penny Pincher" Jack Badgley, treasurer, had accepted on behalf of the student council.

The game was a mad scramble of tangled arms, legs, and brooms, and an elusive ball. The "ball" was an old volleyball, flattened, and without air. With a score of 3-2 the champions for the evening were the members of the athletic council. That tall, dark, man of chemistry, Mr. B. Bobbitt, was the hero, referee of the strenuous game.

Following the broom ball game, the ice was swept clean and dancing was begun. It was called a "moccasin dance" but very few merry-makers wore moccasins. Most of them were bundled warmly in strides or slacks and rubber boots. In general, the feeling is that the skating party was a huge success, and we would all certainly

like to see more of these enjoyable school affairs.

**LIBRARY NEWS:**

Miss M. Astell reports that donations to the library have been made by E. Doner, who contributed two books on stamp collecting and thirteen copies of a weekly philatelic magazine, and also by Patrick Shipton of the junior high. Many thanks from all the students for these donations.

**CHRISTMAS IS COMING!**

Yes, Christmas is coming, and with Christmas comes the annual Christmas prom. This dance is one none of the students should miss, for it is one of the most enjoyable of the school year. The festive season, with its many decorative possibilities, makes the dance a colorful one as well as entertaining. This year the dance will be informal with definitely no corsages, much to the ire of some of the seniors, but this should tend to make more of the kids attend the happy celebration. Tickets will soon be on sale for the "Snowball," the Christmas prom of 1952, which is tentatively set for December 13.

**LAKEERS vs OWLS:**

Don't forget to attend the big basketball game in the new gym Saturday night. There will be two preliminaries to the main attraction with the senior girls vs. the Kelowna senior girls at 7:00 p.m. and the Senior B's vs. Princeton at 8:00 p.m. Feature of the evening will be the game between the Kelowna Owls and the PHS Lakers commencing at 9:00 p.m. This is one game you can't afford to miss, if you want to see Pen High beat the pants off the village to the north.

See you at the game, kids.

JOANNE

**May Conduct "Get Out The Vote" Drive For Civic Elections**

Penticton Jaycees "get out the vote campaign," conducted last week prior to the provincial election, may be duplicated before the civic elections are held December 13.

In the week prior to the provincial election the chamber conducted the drive, sponsoring newspaper, poster and radio advertising and also used "get out the vote" collars on milk bottles delivered to many parts of the Similkameen riding.

A committee under the chairmanship of Mike Davidson will consider the possibilities of conducting a similar campaign next month in Penticton.

**Famous Ballet Mistress Will Visit Winnipeg**

Mary Skeaping, famous ballet mistress from England, will visit Winnipeg shortly to conduct a two week's special training course for members of The Winnipeg Ballet.

Mrs. Skeaping was for many years ballet mistress of the Sadler's Wells first company, and toured this continent with it in both 1949 and in 1950. As ballet mistress of that outstanding company, she was responsible for the training of Margot Fonteyn, Robert Helpmann, Moira Shearer, Pamela May, Beryl Grey, Violetta Elvin, Alexis Rassinie, Michael Somes, and many other dancers.

She was also responsible for the BBC television presentation of the complete "Sleeping Beauty" ballet with Darsonval, famous French ballerina, in the title role.

She left Sadler's Wells to become a free lance teacher of choreography, and for the past two seasons has conducted a special summer school in New York in the choreography of traditional classical ballets, as well as visiting leading centres in the United States conducting similar courses.

Miss Skeaping is currently in Havana, Cuba, training the Ballet Alicia Alonso in the "Pas de Trois" from "Swan Lake", "Casse-Noiset" Act II, and "Les Sylphides" and left this week to visit several large centres in the U.S., flying to Winnipeg from Detroit on November 24.

After coaching The Winnipeg Ballet in several classical pas des deux and "Le Lac des Cygnes" Act II, she will fly to New York on December 8.

Winnipeg is the only Canadian city that Miss Skeaping plans to visit.

The fine paper industry occupies an important place in the economy of Canada. Prior to the turn of the century much fine paper was imported from England and the United States. Today Canada's fine paper mills export to almost all parts of the world.

Tobacco was smoked and traded by the Indians in Canada before the coming of the white man.

**Assize Court Finds Vernon Men Guilty Of Robbery Charge**

VERNON—Jointly charged with robbery with violence following an incident which took place late in May of this year, Vernon carpenters Percy Walker Main and James Elliot were found guilty as charged by a jury sitting at the fall Yale Assizes here last week.

Main and Elliot, who were defended by Gordon Lindsay, of Vernon, were alleged to have beaten

and robbed John Barnowski. John Aikins of Penticton, was crown counsel in the trial.

## Seek Legal Aid When Drawing Up Contract

A building contract is of equal importance to the prospective home owner and his contractor and this document, which sets forth the responsibilities of each and prevents any misunderstanding, should be prepared with legal assistance.

### Damage By Termites Can Prove Extensive

Subterranean termites make millions of dollars of home repairs necessary every year.

Check foundation walls regularly to see that no wood is in contact with the ground and that no twig-like clay tubes have been built up from the ground either on the inside or outside of foundations. Keep all cracks in foundations repaired.

The subterranean termite needs a constant supply of moisture from the ground. Breaking that connection is a big step in preventing termite damage.

### CEDAR CLOSET LINING

Any closet can be transformed into a cedar chest by nailing 1/2-inch thick cedar lining boards directly over the plaster. For perfect dust control and added insulation apply metal foil over the old wall and lap and seal all joints. Use tongue and groove cedar boards for a tight fit. Weatherstrip all door joints.

A properly completed contract contains four parts—the agreement, general conditions, working drawings and the specifications. All sections should be clearly understood by the prospective home owner.

The agreement names the parties concerned, the scope of the work to be completed and the amount and method of payments. It also states that the working drawings, the specifications and the general conditions form a part of the contract.

The general conditions detail the rights and responsibilities of both the owner and the contractor and provide for arbitration of disputes. They also outline the responsibilities for all liabilities including claims under the workmen's compensation act and the settlement of mechanics' liens or similar claims which might be filed against the property for unpaid bills.

Specific mention is also made in the general conditions of the responsibilities of the contractor in regard to work performed by a subcontractor.

Working drawings outline in detail the construction of the house and the specifications describe the size and quality of the materials to be used. They should be carefully checked and signed by both parties to prevent any possible misunderstanding or misinterpretation.

## Tips And Tricks

### STRAINING PAINT

An old silk or nylon stocking with a knot tied in the middle and the length below the knot cut off, will strain skins and lumps from paint that has been standing awhile. Stretch stocking over the top of the paint to be strained above the bucket you are pouring into.

After all the paint has been poured from the can into the stocking slip the stocking off the can and hold it by the top end. Use a paddle or stirring stick and pull the stocking between the paddle and the side of the bucket to squeeze out still more paint.

The skins and lumps are now trapped in the stocking where they cannot spoil your new paint job.

Unless stores, schools, churches, theatres and parks, as well as work, are within walking distance of your new or proposed house — an ideal situation which rarely occurs — transportation is an important item. So is its cost.

### Thermometer Registers Nearly Seven Below

JAN. 2, 1952 — Penticton residents shivered last night when the airport thermometer registered minus 6.9 degrees for the overnight low temperature.

The temperature, checked at 4 a.m. is the lowest this city has experienced this winter. High temperature for the week ending yesterday was 31.7 degrees.

**TO THE BUILDER OF A NEW HOUSE**

The floor area is 1,207 square feet and the cubic measure is 18,870 cubic feet. Exterior dimensions of the house itself are 28 feet, nine inches, by 27 feet, three inches, but with the car port added the length is increased by 12 feet.

Working drawings for this house, known as Design 311, are available at minimum cost from Central Mortgage and Housing Corporation.

## History Repeats Itself In Styles And Trends Of Interior Decoration

### Bathroom Skimping Is Poor Economy

For its size, a bathroom is one of the most expensive rooms in a house. That's why, nationally, one out of every three houses has no bathroom. Yet money spent on a bathroom is the most rewarding of all in the long-term satisfaction.

Every detail of the modern bathroom — the fixtures, fittings, wall and floor materials — is designed for hard use and long life.

Consider the bathroom floor, for example. It is wet more often, washed more often, subjected to spilled medicines and various acids and carries more weight per square foot — because of the heavy fixtures — than any other floor in the house. So it calls for stronger framing, stouter joists, leak-proof construction and, if you can afford it, a clay tile firmly set in special mortar.

### EASY TO PAINT

Two people can paint an average size livingroom in a few hours if both work industriously. While the lady of the house removes breakable items, lamps, magazine racks, etc., and washes and dusts places to be painted, the man of the house can be welding the paint brush.

An important factor to be considered in choosing a neighborhood is the safety of both adults and children. Adults normally can take care of themselves; children, however, are more reckless. Streets should therefore be as free as possible from through traffic, but accessible to main arteries. Street layout should be attractively landscaped and should take advantage of all natural features such as hills and valleys, wooded areas and waterways.

The claim that history repeats itself is well substantiated when one looks at the art of interior decoration. Styles and fashions repeat and recur periodically down through the ages.

There have been many different factors influencing styles of decoration such as climatic conditions, availability of raw materials, social customs and so on, but perhaps the greatest single influence has been and still is man himself. Looking at some important decorative periods in the past we see that personal likes and dislikes of politically significant individuals had a strong bearing on the choice of decoration for their reigning period.

Even today we have some indication of socially and artistically prominent individuals influencing the general trends in decorating. But, of course, just the everlasting craving that all persons have for change, for something new and different, create minor styles and variations in decoration. It has been ever thus the world over down through the ages.

Whether the main factor influencing decorative styles is human or inanimate we find that history is repeated. We repeat forms used in past years. They are not always found in the same sequence nor the same combination but they pop up in every decorative age.

You can rest assured that whatever you buy today will some day go out of style. If you keep it long enough and if you live long enough it may come back into style. This is indeed a gloomy outlook, is it not? 'Tis sad, but true. Nothing remains constant in this old world and certainly this is applicable to home furnishings.

Although furnishings change, become out-of-mode and must be discarded, there is one point which should be considered. The classical styles, lines, forms and proportions are more frequently repeated than others.

If you buy a wallpaper for instance, with a good classical design instead of an extreme realistic design, you will live with it happily for a longer length of time. Classic designs are durable and lasting in effect. We notice designs, lines and forms are copied and adapted from the classic periods more frequently than from any other period.

In looking at a neighborhood as a possible location for your new house, careful consideration should be given to the general topography or physical features of the land. For instance, bodies of water, such as rivers or lakes, may be most desirable from the standpoint of both scenic beauty and recreation. But you will not wish to build or buy on swamp-like land which might flood or prove unhealthy and dangerous, or near rivers which might overflow and cause discomfort and damage.

PAINT YOUR WALLS  
with  
WINDOWS CLOSED!

**Ken-Tone**  
NO "PAINTY" ODOR

In choosing a neighborhood in which to build or buy, a sign of good character may often be found in a high percentage of owner-occupied houses. This does not mean that rented dwellings detract from a community. They do not—if they are well maintained.

# British Columbia Leads In Expansion Across Dominion

In the past few years British Columbia has been growing more rapidly than any other Canadian province, says the current Monthly Review of The Bank of Nova Scotia, which deals with the postwar economic expansion in this province.

Since the end of the war, capital expenditures of something like 1 1/2 billion dollars have been made in industrial and commercial enterprises. The bulk of this enormous investment, the review notes, is in British Columbia's natural resources—either at the primary stage as in the installation of hydro-electric facilities and the development of old and new mines, or in facilities like pulp and plywood mills for processing these resources. New by-product industries have sprung up. And manufacturing plants to serve the basic industries with material and equipment formerly imported, or to produce consumer goods, are increasing in number.

One of the most interesting aspects of the current expansion, according to the review, is that much of it is taking place in areas remote from the big industrial nerve-centre in the south-west corner of the lower mainland. This development, the review says, is an important one in a province where more than half the population is concentrated in and around Vancouver.

Three of the big postwar hydro-electric projects are of particular importance from the point of view of resource development in the outlying parts of the province, the review states. The John Hart development near Campbell River on Vancouver Island is the source of power for the two new pulp mills at Nanaimo and Port Alberni and the new newsprint mill at Duncan Bay. The Waneta project on the Pend Oreille River near the southern border of the province will serve the new fertilizer plant at Kimberley and add to the power supply for the metallurgical works at Trail, which are being modernized and enlarged. And the spectacular Kemano project will provide power for the aluminum smelter to be established at Kitimat on the coast 500 miles north of Vancouver.

The review pays special attention to recent developments in the central third of the province. Last year the timber cut in the forest district centering on Prince George exceeded 400 million feet, compared with 55 million in 1939 and some 550 saw mills were operating—12 times as many as before the war. In 1950 a plywood plant was established at Quesnel, and late last year a mill was opened near Prince Rupert making acetate dissolving pulp for textiles. The Kitimat project has given a further fillip to activity in the district and a 50-mile railroad is being constructed from Terrace to Kitimat.

The review mentions two other events of importance to the district and to the province — the recent completion of the link of the Pacific Great Eastern Railway from Quesnel to Prince George and of the John Hart highway from Dawson Creek in the Peace River to Prince George. It also refers to the assessment of natural gas reserves in the Peace River area of British Columbia at some 1,600 billion cubic feet. It calls this the most recent major development in connection with British Columbia's mineral resources and quotes a federal government report as stating that "it would not be surprising if the structures within the Fort St. John area, now under development, have the greatest gas reserve of any structures so far found in Western Canada, including Pincher Creek."

The review concludes by saying that today the economic climate in British Columbia is somewhat less favourable to development than it was a year or two ago. In recent months prices for forest products and base metals have weakened. The effects of these price declines have been accentuated by the cutting-off of sterling markets for apples and canned salmon and by the premium on the Canadian dollar which has added to the difficulties of Canadian exporters in U.S. markets.

However, the review considers that the longer-term outlook for British Columbia is bright, both from the point of view of exporting to a raw-material-hungry world and of building up her economy. Her water-power resources are enormous. She has substantial coal reserves, and now natural gas. British Columbia also has some of the finest stands of softwood in existence. Her forests, if successfully operated on a sustained-yield basis, can continue to be an important source of export income, and

can provide the basis for a growing number of secondary manufacturing industries.

Though the most easily accessible metal deposits have been developed, the vast tumbled cordilleran region that makes up the greater part of the province's area, and stretches far into the Yukon undoubtedly still holds much hidden wealth. Finally, British Columbia will become a major producer of aluminum as a result of the new industry at Kitimat based on her cheap and plentiful power.

## Summerland Man, Robert H. Barkwill, Dies In Vancouver

Robert Henry Barkwill, well known Summerland orchardist, was buried in the Anglican Cemetery, West Summerland, Saturday. Mr. Barkwill died in Shaughnessy Hospital in Vancouver last Thursday, aged 71.

A native of England, Mr. Barkwill came to this province 46 years ago. He was a veteran of World War One.

He is survived by his wife Edith in Summerland, two sisters Mrs. Alan Stuart and Miss H. M. Barkwill, both of Summerland, and a brother John Charman of West

## Ping Pong, Bingo And Concert For Poplar Grove

POPLAR GROVE — Activities within the Poplar Grove Community are currently centred on three forthcoming events.

The committee of the community hall under the chairmanship of Mrs. J. W. Davenport are sponsoring a variety concert on Saturday at 7:30 p.m. in the Poplar Grove Hall. The proceeds of the show will go toward the annual Christmas tree party for the children of the district.

Following the evening's program, which will include a wide selection of song and dance acts, refreshments will be served.

Next Wednesday commencing at 6:45 p.m. a Ping Pong tournament will be held at the Poplar Grove community hall. Entries for the popular event are being received from numerous centres of the Okanagan and others interested in participating as contestants are invited to telephone Mrs. J. Perrie at 3310.

The hall board committee is holding a turkey bingo on the evening of December 10 and an invitation is extended to all interested to attend.

The proceeds of the latter two events will go toward the community hall improvement fund.

Summerland.

Services were conducted at the St. Stephen's Anglican Church the Rev. Canon. F. V. Harrison officiating.

Penticton Funeral Chapel was in charge of arrangements.

## Three Aldermanic Seats To Fill On Vernon's Council

VERNON — Warmly welcomed by his colleagues at last week's City Council meeting was Alderman F. Telfer, who returned to civic duties after two months' illness.

Alderman Telfer announced that he would complete his term on the Council despite earlier reports that he planned to resign. He was elected last December for a two-year term. He said he had been able to arrange "business and other affairs so as to give him time for aldermanic duties."

Meanwhile, two of the three aldermen whose terms expire this year announced this week that they will be candidates. They are Alderman George Melvin, parks chairman, and Alderman D. D. Harris, board of works.

The third man, Alderman R. W. Ley, finance, stated that he had not yet reached a decision.

Harold Hudson, secretary of the Vernon Ratepayers' Association, said last week that his group was interested in the election situation.

The hall board committee is holding a turkey bingo on the evening of December 10 and an invitation is extended to all interested to attend.

The proceeds of the latter two events will go toward the community hall improvement fund.

Summerland.

Services were conducted at the St. Stephen's Anglican Church the Rev. Canon. F. V. Harrison officiating.

Penticton Funeral Chapel was in charge of arrangements.

and was engaged in interviewing prospective candidates.

Nomination day is on December 4. An election, if one is necessary, will be held on December 11.

Mayor A. C. Wilde and Alderman

That is the most perfect government under which a wrong to the humblest is an affront to all.

J. S. Monk have another year of their terms to serve.

**ALL ALONE**—A police search has failed to find any relative of this three-year-old girl believed to be Mildred Hall, who has been in hospital in Ottawa since October 8. The girl was brought to the hospital by her father, who gave her address as RR 2, Cornwall, Ontario, and said he worked for CNR. The father can't be traced, and CNR said it never heard of him. Now the girl is cured and ready to leave hospital—but she has nowhere to go.

### NARAMATA

**NARAMATA** — The quarterly general meeting of the Naramata Co-Operative Growers' Exchange will be held in the community hall on Thursday, at 8 p.m.

Rev. George Affleck, pastor of the Vernon United Church, is giving a two-week's course of lectures at the Leadership Training School.

Mr. and Mrs. Philip Workman and children have returned home after spending a week visiting the former's parents at Sweet Home, Oregon.

Rev. R. A. McLaren, principal of the Christian Leadership Training School, arrived home on Friday from Vancouver where he had been since Wednesday to attend a meeting of the school trustees.

Norman (Buster) Wheatley was elected president of the Naramata Square Dance Club at its annual meeting held on Tuesday evening of last week. Miss Mona Barnes was chosen secretary, Cyril Rayner and Philip Rounds were elected to the executive. The club plans to hold dances every two weeks.

Mrs. J. D. Tillar, who has been in Vancouver for the past several weeks receiving medical attention, returned home on Sunday.

Mr. and Mrs. W. Watson left on Tuesday for Edmonton where they will visit for the winter months.

Naramata friends of Mrs. W. Nicholl will be pleased to learn of the improvement in her health since she has arrived in San Francisco where she is visiting her daughter.

Mrs. A. C. Pound returned to Naramata on Monday after spending the past several weeks in Vancouver.

Members of the Naramata Chess Club will meet at the home of Canon F. V. Harrison in Summerland tomorrow afternoon for a match with players of the Vernon Chess Club. The forthcoming game is one in a series arranged with out-of-town clubs and when the local players meet the Vernon club recently they defeated the club from the north.

Stuart McPhee and Jackie Littlejohn have joined a Penticton Curling group and were in Peachland on Sunday to practise.

Mr. and Mrs. Fred Mathers and Miss Gretchen Mathers, of Vancouver, are visiting for the current week with Mrs. Mathers' sisters, Mrs. G. Hayman and the Misses Kathleen and Dorothy Robinson.

Major and Mrs. J. V. H. Wilson, Paradise Ranch, were week-end visitors in Kelowna.

The first in a series of Sunday evening church services was held in the United Church on Sunday. Among those from the Christian Leadership Training School participating in the well attended service were Russell Tauson, of Montreal, who conducted the services; Miss Dorn Gillie, of Didsbury, Alberta, and Miss Catherine Harris, of Scotland. The latter student came to Canada eighteen months ago and was with an Anglican Church Sunday-School van in the Peace River district last summer.

Wilson June and Philip Workman left on Saturday for a hunting trip into the Cariboo.

Howard Luxton, who attends Vancouver Normal School, was a week-end visitor with his parents, Mr. and Mrs. Frank Luxton.

**SPECIAL MESSAGE to CUSTOMERS of the B of M**

Here's the story 'between the pages' of your bank-book this year...

It's a story you can be proud of, because it's about the money you have on deposit at the B of M. Throughout the year, your Bank keeps that money hard at work—expanding, improving and pioneering Canadian enterprise of every description and size... financing Canadians of every calling and building Canada in every sense. You not only help yourself when you save at the B of M... you also help your country.

**DEPOSITS:** Because of your confidence, and that of 1,900,000 other Canadians in all walks of life, the B of M holds more than two billion dollars in deposits. Fully half these deposits are made up of the savings of private citizens... hard-earned dollars that mean a backlog of money for their use. At the end of the Bank's 135th year, on October 31st, 1952, total deposits stood at the record figure of \$2,147,900,483.

**LOANS:** During the year, your Bank made many thousands of loans to business and industrial enterprises for production of every kind — to farmers, fishermen, oil men, miners, lumbermen and ranchers — to citizens of every calling, and to Provincial and Municipal Governments and School Districts. At the end of October, B of M loans amounted to \$712,179,846 — the highest figure in the history of the Bank.

**INVESTMENTS:** Always keeping a good proportion of the money on deposit in quickly available high-grade government bonds and other public securities which have a ready market. This money is used to finance government projects for the betterment of Canada and the welfare of her people. In addition, the B of M holds \$121,116,603 in other securities — mainly short-term credits to industry.

•These are the pages between the pages of your bank book, this year. As you can see, every dollar you deposit is busy building a better future for yourself and for Canada.

## Maurice MacNair Chairman For Lions Convention

Maurice D. MacNair, of Pentiction, governor of Lions International district 19D, will act as chairman at the district's meeting in Kelowna, Saturday and Sunday.

Other Lions from Pentiction who will attend the meeting include Jack Murray, Pat Moen, Stuart Whyte, A. H. Frazer, Carl Pedersen, Elmer Johnson and Jim Nichol. About 100 representatives of Lions Clubs from Prince George to Wenatchee will be in attendance.

Guest speaker at the banquet to be held in the Royal Anne Hotel the opening night will be Bill Waidie, of Vancouver, the only Canadian international director.

District 19 consists of all Lions Clubs north to Prince George and south to Wenatchee. Many of the delegates will be bringing their wives and arrangements are being made to provide entertainment for the women while business sessions are underway.

Following the banquet Saturday night, a dance will be held, to which Lions Club members may invite their friends. Howard Williams, president of the Kelowna Lions Club, is banquet chairman.

On Sunday, a general meeting of presidents and secretaries of all clubs in the district will be held, as well as zone meetings under the chairmanship of zone chairmen. There are seven zones in District 19D.

## Candidates For Civic Office Sought In Jaycee Ranks

From the ranks of the Junior Chamber of Commerce may come candidates for civic offices in the December 13 municipal elections.

The chamber executive was instructed at the meeting Thursday to act as a committee for the purpose of encouraging at least one member of the chamber to run for civic office.

The chamber, a non-partisan group, will not act as a body endorse any candidate or candidates.

Object of the Jaycees' action is to encourage interest in civic affairs.

Approving the suggestion, Clare Way declared, "good men can be found within the chamber and candidates for civic office are hard to find."

L. F. Haggman commented that the chamber as a group should not encourage anyone to seek office but that every member should do all he can through other channels to encourage candidacy.

## Trucking Industry Big Business Jaycees Told

That the trucking industry is big business was emphasized in an address to the Junior Chamber of Commerce by Maurice D. MacNair, manager of OK Valley Freight Lines, aboard the Seacom last Thursday.

Mr. MacNair outlined the industry's history briefly from the days of the one man outfit to the present when some companies are worth millions of dollars.

"It is only in the past four or five years that stocks have been issued by companies. Financing was previously done by individuals," Mr. MacNair said.

The trucking industry was born after the first world war, Mr. MacNair declared.

Most of the men who went into business started as "one man outfits" carrying their own produce to market. Often they would carry produce for neighbors and from these humble beginnings sprang the big business that trucking is today.

Comparing present day haulage with 1934, Mr. MacNair explained that 18 years ago a 200 mile haul with five and a half tons of freight took between 13 and 16 hours. "Nowadays we can carry a payload of eleven and a half tons 200 miles in six hours or approximately double the load in half the time," he said.

Of the equipment used by the companies, the speaker declared that the semi-trailer is the most popular. An operator usually employs one power unit and two trailers so that one trailer can be unloaded while the other is already making the return trip.

Another reason for the popularity is the fact that if a mechanical failure is experienced another power unit is coupled to the trailer and the freight is kept moving. If a single unit truck was used a breakdown would mean unloading the cargo onto another vehicle or delaying it until repairs were effected, he explained.

"The trucking industry is selling service and consequently its drivers must be advertisements and ambassadors of goodwill," Mr. MacNair stated.

"The days when truck drivers were a rough and tumble lot are gone. There is always a careful selection of personnel to ensure that we get the best and most careful drivers."

"The reward for careful driving is small. The National Safety Council awards buttons and certificates to accident free drivers and even a denied tender provides a driver from winning an award."

"Some firms give bonuses to accident free drivers but this practice is not generally favored. A driver is paid to be safe and to drive carefully."

"Because the awards of the safety council are so hard to obtain, ownership is the finest recommendation a driver can have," Mr. MacNair

## Oliver Players Present Famous Play Thursday

Noel Coward's three-act improbable farce, "Blithe Spirit," being offered on the stage of the high school auditorium here tomorrow evening, Thursday, will be in aid of local school's band.

The Community Players of Oliver are presenting the play, under the direction of James Argue, and a large and appreciative audience is expected for curtain time at 8:15, for the organization in the neighboring town has won a splendid reputation for itself in the quality of its offerings. Another ambitious project, "You Can't Take It With You", for example, will be given in February, and there will be a further work in April.

The cast for "Blithe Spirit" comprises Miss Esther Bruce, Mrs. Norma Selig, Clayton Perry, Paddy MacLaughlin, Miss Joan McGregor, Mrs. Olive Clayton, and Miss Janice Smith.

## Jaycees Install Five New Members

Five new members were installed at the regular meeting of the Junior Chamber of Commerce held aboard the Seacom last Thursday.

Pledging themselves to Jaycee work were Mike Davidson, Grant Sylvester, Glen Lawrence, Burton Dean, Stuart Frizelle and William Gilmour.

Pentiction's KVA demand for the week ending November 22 was 4464.

Monty's "Flower of the Week" was awarded to Jaycee Frank Wilmer at last Thursday's meeting for his continued work on behalf of the chamber.

These days most of us are trying to serve tempting desserts that don't strain the family food budget. Fortunately, there are many ways to use jelly for just a few cents a serving. The shimmering mould shown here is made from Shirriff's Lime Lushus, crowned with a wreath of blanched almonds.

To keep the almonds from floating when you make this dessert, put them into the mould first, and barely cover with jelly. When this layer has set, add the rest of the Lushus. Good cooks prefer Lushus because this is the only jelly that has the flavour sealed, fresh and fruity, in an air-tight bud. Though it costs no more than ordinary jelly, Shirriff's Lushus gives you more flavour for your money.

## Munson's Mountain Development To Be Studied By Jaycees

Pentiction Jaycees envision Munson's Mountain as a pleasant park with shrubs, trees and walks and a committee under the joint chairmanship of Bev. Collier and T. W. Bryant will study the financial aspects of development of such a project.

At the chamber's meeting Thursday it was agreed that a survey of the mountain should be made and a budget compiled in order to ascertain what improvements could be made.

Any work done on improving the area would be in conjunction with the parks board and it was suggested at the meeting that a budget should be drawn up as soon as possible so that it could be presented to the Parks board for possible inclusion in the 1953 estimates.

## First Polio Case Of Year In Vernon District Reported

VERNON—Vernon's first case of polio this year was confirmed last week. Stricken is a 17-year-old high school girl, and according to her doctor, the type of polio from which she is suffering is of the non-paralytic variety.

The young woman had been hospitalized for some days before the true nature of her illness was confirmed. She is said to be making good progress.

According to high school principal Larry Marrs, there is little likelihood that his school will be closed in view of the girl's illness.

## New Kelowna Gyro Head R. H. Wilson

KELOWNA—R. H. Wilson, president, and other incoming officers of the Kelowna Gyro Club were officially installed in office last Tuesday night at the Royal Anne Hotel by R. Brimacombe, Vancouver, governor of Gyro International District Four.

Other officers of the local club for the coming year who were installed were: D. C. Fillmore, vice-president; C. E. R. Bazett, treasurer; B. M. Baker, secretary; H. E. Simpson, F. E. Hyland, F. Baines and Roy B. Winsby, directors.

## Kelowna Poppy Day Sales Net \$1,770

KELOWNA—Sale of wreaths and poppies on Poppy Day total led \$1,770, the Canadian Legion's local branch reported last week. This was one of the best collections on record.

Last computation, according to

By-law 1150, authorizing the purchase of a piece of land from E. D. Woolley for city purposes, received final reading at the council meeting Monday.

secretary manager Don White, in charge of the campaign, showed poppies realized \$794; wreaths \$824; donations \$40 and still outstanding was \$112.

FOIL WRAPPED  
FOR FRESHNESS!

### Conveners Named By Naramata W.I.

NARAMATA—The first meeting to be held by the Naramata Women's Institute under the chairmanship of the newly elected president, Mrs. Donald Salting, took place last Monday evening in the Community hall.

The first business on the agenda was the appointment of various committee conveners, who will work with the organization for the coming year. Mrs. A. H. Grant will head the committee on home economics, Mrs. Kathleen Couston was named citizenship convener, Mrs. Arnold Pederson, social welfare, and Mrs. Philip Workman will be in charge of handicraft.

The Naramata W.I. plans to again sponsor the presentation of a number of plays early in the year and in preparation for the drama, a committee to select suitable plays was appointed, consisting of Mrs. R. H. Walsh, Mrs. G. Morche and Mrs. Perry Darling.

A Christmas tree and a gift exchange between members will be a feature of the December meeting of the W.I. Each member will invite a friend to be her guest at the party and provide a gift for her. Mrs. Jens Pederson and Mrs. Jackie Littlejohn will be in charge of the party arrangements.

A motion was passed to collect used woolen materials and send them away to Vancouver where they will be made into a blanket. On return of the finished article it will be raffled and the proceeds used for charitable purposes. Mrs. A. H. Grant will be in charge of all arrangements. Donations of wool materials will be received at the next meeting of the Institute.

Prior to the serving of refreshments by hostesses, Mrs. Jack Buckley and Mrs. A. H. Grant, a number of jolly bulbs given to the W.I. by Dr. R. C. Palmer, of Summerland, were sold to the members.

### New Suits Semi-Fitted For Fall

The really new suit this fall looks entirely different. The difference lies in the fit of the jacket. Instead of the scooped-out waistline and carved hips, the 1952 suit jacket is shaped like a box jacket with curves. It can be described, too, as semi-fitted.

This new silhouette overrides such things as fancy lapels or fancy pockets, for in fact, suits have a very simple air. Fancy fabrics, subtly colored tweeds that are soft, also make up for the absence of tailored details.

The winter suit is a newcomer this year, recognized by its shaggy or thick-coating jacket with skirt of like or lighter woolen.

A pound of bacon usually gives 20 to 24 slices. Serve the slices, crisply cooked, over Spanish rice or a creamed green vegetable as the main dish for luncheon.

A really fresh egg will have a yolk that stands high with the white nestled around it. When hard-cooked the yolk of a very fresh egg will be in the center.

The vicar of St. John's Church in Upper Norwood, London, asks women not to use lipstick before Holy Communion because it smears the chalice.

### SLIM LOOK

The silhouette has quieted down. Coats are straighter and slimmer, likewise dresses that are seen often are straight and narrow.

Mushroom Soup Garnishes: Try any of the following as a festive garnish for cream of mushroom soup: Blue cheese (crumbled), onion salt, Nutmeg, curry powder.

Golden canned cling peach halves filled with frosty raspberry sherbet make a very refreshing dessert. Serve dainty crisp cookies with it.

## BEST FOR COOKING

Pacific Milk adds extra flavor and nourishment to recipes.

BUY B.C. PRODUCTS

### Needlecraft News

by Pauline Roy

SNOW FLURRIES WILL soon be here and we'll be eagerly making preparations for the holidays ahead. How many times have we said "next year, I am going to do my Christmas planning early?" Well, why not make it this year? Then you can sit back to really enjoy the holidays when they arrive. Making gifts is lots of fun and inexpensive too. There are so many useful attractive presents to sew, knit and crochet for every member of the family so no matter what your talents may be, there is much you can do to stretch your gift-giving budget.

### Suggestions for Gifts

Articles of clothing are always welcome presents and many accessories are easy to make. All types of woollens are popular in winter whether they be knitted or sewn from woolen materials. Sweaters, jackets, scarves, mittens can be made for every member of the family. There are lovely gifts too such as nice lingerie cases, jewel cases, sachets, knitting bags, shopping bags and household articles. Have you dressed a doll for a little girl? Dollie's wardrobe can be fashioned from left over materials and trimmed with braid or bits of ribbon and lace; her dresses can also be knitted or crocheted. Often from a combination of colors found in the scrap bag. A little boy might like to have some cowboy accessories. If he is a handy man around the house, he might like to have a workman's apron made from denim with pockets for his tools. The teen-age girl likes party accessories—something she can wear during the season's entertainments. She may like a new circular skirt made from taffeta, velvet or felt and a dressy blouse to complete the ensemble. If she needs an evening dress for the formal parties, she'll want taffeta or net with a full, full skirt and the shoulders discreetly covered.

### Household Gifts

Small gifts of good taste are always appreciated and every householder would like to have a new doily, some pretty potholders or a fancy apron. For many who already have, they'll always enjoy a change. Frosty white crocheted cotton can be transformed into a snowflake design to make a dainty doily which is a lovely gift. If you would like to have a leaflet with directions for crocheting the HEXAGON DOILY, just send a stamped, self-addressed envelope to the Needlework Department of this paper requesting Leaflet No. PC-5313.

## Knowledge Of Design Essential In Choice Of Balanced Home Furnishing

Understanding of the principles of design—of form, function, balance, proportion and harmony—is essential for the proper selection of furniture, fabrics, textures and colors for the home.

Eileen Cross, Director of Home Economics for the Department of Extension, University of British Columbia, makes that clear in her lectures and talks on the principles of decoration.

Miss Cross has had a wide experience in such matters and her courses at the Department of Extension have helped many British Columbians to make their homes better places in which to live.

Straight lines in general suggest order, strength and a degree of masculinity. Used vertically, straight lines suggest height and formality. Horizontal lines are less severe than vertical lines and will often give a feeling of relaxation. They can be used effectively to decrease the feeling of height.

Combined vertical and horizontal lines are powerful, often energetic. Plaid designs express strength but probably should be used in moderation to avoid confusion.

Slanting lines lead the eye in the direction of the slant and may be used successfully to emphasize points of interest in a room.

Zigzag lines, often formed by indiscriminate use of scatter rugs, create confusion.

Curved lines are flowing, lines that introduce a feeling of gracefulness and femininity. They suggest freedom, relaxation, and care-free gaiety. They must be used with discretion to avoid monotony.

Careful attention to line, combined with proper use of form, harmony, balance and proportion will do much to increase the attractiveness of any home.

### STYLISH TRICK

One of the fashion colors of the season is golden brown, so accessories in this glamour color will be quite chic. Here's a trick that will save you quite a bit—just buy some inexpensive plain pearls from the dime store, and a package of golden brown all-purpose dye. You can tint your important accessories in this way to just the desired shade.

### HEALTHFUL APPLES

The highest concentration of vitamin C in apples has been found to be in the peel. It contains three to five times as much as the flesh. Therefore, apples should not be peeled except for certain recipes which require it. Very thin peeling preserves most of the vitamin if the apples are used as soon as possible.

New Unbelievable Value  
Luxurious Chiffon Headbands  
At Only \$2.50 Each  
This headband is the latest rage. It has thousands of small velvety tufts, which completely conceal the hair. Absolutely the finest type of apparel made at this price. Your full cost will be immediately refunded if not satisfied. TOWN & COUNTRY, LTD., Box 1400, Place D'Almeida, Montreal, Que.

### The Recipe Corner

#### MINCEMEAT

2 cups finely chopped lean beef  
4 cups finely chopped, tart apples  
2 cups chopped seeded raisins  
2 cups currants  
1 cup finely chopped citron  
2 teaspoons salt  
1 cupful suet, chopped, or other fat  
2 cupsful sugar  
1 cupful strong coffee infusion  
1 tablespoon ground cloves  
1 tablespoon nutmeg  
1 cupful meat stock

Purchase clear, lean meat and boil until tender, cool in the liquor, then put through the chopper. Mix the materials together in the order named. Simmer slowly for about one hour, bottle hot, and seal. This makes about five pints. When making the pie, line a deep plate with crust, fill with mince meat, using one quart, and then put over the top one tablespoonful of cream, one tablespoonful of sugar, a few whole, seeded raisins and two teaspoonfuls of butter in bits. Put on the top crust and bake at 450°F. for thirty minutes.

#### PUMPKIN PIE

The following recipe will make two medium sized pies or one large and one small one. Squash may be used instead of pumpkin in this delicious pie recipe.

2 cupsful pumpkin  
3 egg yolks  
1 cupful brown sugar  
1/2 teaspoonful salt  
1/4 teaspoonful ginger  
1/8 teaspoonful ground cloves  
1/8 teaspoonful allspice  
1/4 teaspoonful cinnamon  
3 cupsful scalded milk  
3 egg whites

To two cupsful of pumpkin add the egg yolks, brown sugar, salt, nutmeg, ginger, ground cloves, allspice and cinnamon. Mix well together, then add three cupsful of scalded milk. Last of all, fold in the stiffly beaten egg-whites. Line a pie plate with pastry, coat with white of egg, and pour in the pumpkin mixture. Bake at 450°F. for ten minutes to set the rim, then reduce the heat to 325°F. for thirty minutes.

**ITCH RELIEVED IN A JIFFY**  
Very first use of soothing, cooling, liquid D.D.D. Prescription positively relieves raw red itch—caused by eczema, hives, acid irritation, chafing—other itch troubles. Greaseless, soothing, it relieves musty odor or money back. Ask your druggist for D.D.D. PRESCRIPTION.

## Health Board Recommends Annual Chest X-Ray For School Employees

Recommendation that all school boards require a yearly chest x-ray of all school employees, including teachers, cafeteria workers, janitors and bus drivers, was formulated at the fourth quarterly meeting of the South Okanagan Union Board of Health held in Oliver last week.

A letter containing the recommendation will be sent to all school boards in the health unit area.

The meeting, which was held in the South Okanagan High School, was under the chairmanship of H. A. Truswell.

Mrs. R. P. Clarke reported that emergency calls in Keremeos are

still being taken by the public health nurse, since no other nurse has been available to accept such calls.

The board was in agreement that arrangements should be made, if possible, to relieve the public health nurse of this responsibility.

The director, Dr. D. M. Black, of Kelowna, gave his quarterly report, a report on poliomyelitis in the health unit in 1952 and a report on parathion poisoning. These latter two reports have already been carried in the Penticton Herald and the director's report is carried elsewhere in this issue.

### DENTAL REPORT

Dental director Dr. Hall reported a gratifying evidence of improved care of the mouth in grade two children who had received instruction and treatment in grade one last year.

Dr. Black reported on the Kelowna Homecare Service which has filled a great need in the Kelowna area for the past seven years.

Last year 61 families received this service, which in many instances was required because of illness of the mother of a family. It was suggested that board members might wish to consider some similar plan for their own areas.

It was agreed that representations be made to the Regional Planning Board, recommending that certain points of land cut off by the new Penticton-Summerland highway be set aside as campsites.

The meeting also agreed to send a letter to the department of health recommending that a third sanitarian be appointed to this health unit.

The new Kelowna Community Health Centre was chosen as the site of the next meeting to be held in February.

At ordinary speeds, a defective automobile spark plug may give satisfactory service, but it will misfire at high speeds.

## Mrs. John Fisher Puts on Blue Bonnet — Enjoys F.N.E.!

Mrs. John Fisher puts on DELUXE BLUE BONNET Margarine for F.N.E. — Flavor! Nutrition! Economy! Like the wife of the famous Canadian radio personality you will love the delicate sunny-sweet taste golden-yellow DELUXE BLUE BONNET adds to any food! You'll appreciate its high nutritional value, too! You'll find DELUXE BLUE BONNET wonderfully convenient to use — now each golden quarter pound is individually wrapped in pure aluminum foil with inner parchment lining! The handy chart on the package shows exactly where to cut for recipes. Ask for DELUXE BLUE BONNET Margarine and get all these DELUXE advantages — and DELUXE BLUE BONNET quality, too. M-F

**WEARY FROM HER MATERNAL CHORES** but proud as punch is Beauty, pedigree French poodle owned by Roger Huard of Montreal. Looking down at her "very unusual" litter of 12 pups, she probably is a trifle worried about the feeding problem. But needlessly, though, because her master already is at work rigging up a feeding station that will hold 12 filled and easily-reached infant feeding bottles.

## Green Glass Windshields Latest Safety Device In Canadian Cars

Small pieces of shaded glass, often bits of bottle, have been used by generations to watch the moon move across the sun during an eclipse. Any boy knows that the shaded glass makes it possible to gaze directly into the sun and see the moon without blinding glare.

Today, automotive authorities are pointing with pride to the latest and "newest" safety factor in driving-green glass windshields that effectively reduce glare from the sun, snow, headlights or any other source. The tinted glass is now optional with most makes of new Canadian automobiles. But present trends indicate that within five years green glass will be standard on all new cars.

This is the belief of J. Walter Morris, sales manager of Duplate Canada Limited, the company that introduced safety glass for cars in Canada. He says tinted glass was available 25 years ago—in the days when even owning a car "glassed in" with any sort of wavy window gave the motorist proud satisfaction and a bit of prestige.

**GLASS AREA INCREASED**  
In the past ten years, however, the glass area of autos has increased 25 per cent and in the constant search for refinements, comfort and safety in travel it was inevitable that the glass would receive serious study. As a direct result, the acceptance of tinted glass is now regarded as important as the introduction of safety glass.

There are two types of green glass windshields. One is a soft, light green shade throughout the entire glass with a clear vinyl plastic inter-layer. The other has a shaded inter-layer between the green glass. The inter-layer is darker at the top and reduces in intensity to clear.

While less than five per cent of today's autos are equipped with either type of glass, it is claimed that more than ten per cent will have this safety factor next year. Mr. Morris says orders for replacements of normal glass in cars on the road are "astounding".

In addition to the effective reduction of glare, the green glass is rapidly gaining popularity because it filters out heat rays from the sun and eliminates griddle temperatures of metal fixtures and heat-absorbing materials in the front seat.

**EXPERTS AGREE**  
The green windshields and windows get enthusiastic endorsement from two glass experts in Toronto. Bernard Kilger, president and secretary-treasurer, respectively, of Speedy Auto Glass Limited, have more than 50 years' experience between them in handling and installing auto glass. Irwin Kilger claims to be the first man in Canada to obtain a green glass windshield for his car.

"I wouldn't drive without it," he says, and during the summer months he does 250 miles night-driving a week going to his cottage.

Mr. Kilger admits he read a magazine article that claimed green glass reduces visibility by two per cent. "I doubt it," he says, "but that wouldn't be noticed. I am convinced, though, that it reduces headlight glare by at least 65 per cent. And that is noticed."

Motorists using green glass windshields, particularly on long trips or along highways, report it is restful and relaxing. For example, one Oakville motorist returned home after a night drive from Peterborough and suddenly realized that he hadn't worn his glasses once during the drive. His only explanation was that his tinted windshield had reduced eye strain and there wasn't need for "specs" he had previously experienced.

**GREEN MOST POPULAR**  
Bernard Kilger is fascinated with the fact that, becoming color conscious, he has found green is one of the most popular colors in offices, schools and hospitals. He

even found the ledger sheets in his own office were green. His research impressed him so much he even ordered green tinted rolls of paper for the adding machines.

"I'm convinced that reflected glare from white paper is the cause of a lot of eye strain in offices," he states, "and green absorbs the glare."

During 1951, in Ontario, 97,637 motor car accidents were reported to the motor vehicles branch of the department of highways. "Blinded by headlights" figured frequently in the headlines that told of thousands of mishaps.

"If green glass reduces accidents

## Summerland Student Awarded Engineering Scholarship At UBC

Word was received this week from the University of British Columbia that a Summerland student, Gilbert Frank Jacobs, has been awarded a Road Builders and Heavy Construction scholarship of \$125 for specialized studies in highway, engineering and heavy construction.

Mr. Jacobs, a popular Summerland athlete, is now in his final year of the University of British Columbia course in engineering.

by even a small fraction," a traffic official remarked, "it will be invaluable. After all, it may save your life—or mine."

## Junior Auxiliary, Jaycees Agree To Hold Joint Show

The Junior Hospital Auxiliary of Penticton has agreed to hold the annual spring fashion show in conjunction with the Junior Chamber of Commerce automobile show, Burton Dean reported at the chamber's meeting Thursday.

Possibilities of holding an auto show were discussed at the Jaycees' first meeting of the winter session, but plans were left in abeyance pending a meeting of the hospital auxiliary.

Mr. Dean's committee will consider various aspects of the show and a report will be brought to the chapter at the next meeting, December 4.

An orange crate can make a little storage bin for your youngsters. Stain the cleaned crate a bright color. When dry, apply one or two thin coats of fresh white shellac.

No matter what theory of the origin of government you adopt, if you follow it out to its legitimate conclusions, it will bring you face to face with the moral law. — H. J. Vandye.

### The Corporation Of The City Of Penticton NOTICE

**PUBLIC NOTICE** is hereby given to the electors of the Municipality of Penticton that I require the presence of the said electors at the Municipal Council Chamber, 101 Main Street, Penticton, B.C., on the fourth day of December, at ten o'clock a.m., for the purpose of electing persons to represent them as Aldermen, School Trustees, and Park Commissioners.

THE MODE OF NOMINATION of Candidates shall be as follows:

THE CANDIDATES shall be nominated in writing; the writing shall be subscribed by two electors of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and twelve o'clock noon of the day of nomination; the said writing may be in the form numbered 3 in the Schedule of the "Municipal Elections Act"; and shall state the names, residence, and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate; and in the event of a poll being necessary, such poll shall be opened on Thursday and Friday, the eleventh and twelfth days of December, 1952, between the hours of twelve noon and three o'clock in the afternoon and on Saturday, the thirteenth day of December, 1952, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon at the Municipal Council Chamber, 101 Main Street, Penticton, B.C., of which every person is hereby required to take notice and govern himself accordingly. (NOTE: Persons who shall be permitted to vote on the first two days of the poll, namely Thursday and Friday, shall be those qualified voters who shall sign a statement showing that it is their expectation that they will be absent from the Municipality on the final day of the poll.)

Given under my hand at Penticton, B.C., this twenty-first day of November, 1952.

ALAN T. LONGMORE,  
Returning Officer.

### Syllabus Of 1953 Yale-Cariboo Musical Festival Now Available

KAMLOOPS — The 1953 Yale-Cariboo Musical Festival, with speech, arts, drama and dance sections, will be held on April 28, 29, 30 and May 1 in Elks' auditorium here. The four-day, three-session festival possibly will be expanded to five days, in which event, April 27 will be the commencement date. An "Adjudicators' Choice" concert also is tentatively scheduled for the last evening of the festival.

Entries for the 1953 festival must be made before 6 p.m. next, March 14, except in the drama section. Drama entries must be in the festival executive committee's hands by March 28.

Copies of the 1953 festival syllabus now are available. These may be obtained by writing to Mrs. G. F. Lloyd, secretary, Yale-Cariboo Musical Festival, 923 Dominion Street, Kamloops.

Copies of the test-pieces for spoken verse and choral speech can be obtained by writing to Mrs. C. H. Faulkner, 19 Nicola Street West, Kamloops.

Entrants in the music section may order their test-pieces through Modern Music Limited, 536 Seymour Street, Vancouver; The Music Centre, 397 Seymour Street and Passmore's Book and Gift Store, 341 Victoria Street, both in Kamloops. Copies of the syllabus also can be obtained from R. H. Carson, Ideal Meat Market, Kamloops Sentinel, Leitch's Market, The Music Centre or Passmore's Book and Gift Store, all in Kamloops.

**CHANGES IN RULES**  
There have been several important changes made in the rules and entry form of the 1953 Yale-Cariboo Musical Festival, and all entrants should carefully read the rules published in the syllabus. Rule 7 applies to the filling-out of the entry form, which is a single sheet. Parents or guardians will welcome the simpler entry form where the age declaration is required in classes where the age limit is set. They are directed to fill in the age date of birth by month, day and year only. Previous entry forms proved too confusing. Emphasis is placed on the age limit classes in rule 7 where the maximum age must not be attained before April 25, 1953. In other words, a child who is nine years old before that date may not enter the class in which the age limit is "under nine years." This applies to all age limit classes. The entrant must be under the age stipulated for that class.

Rule 8 is a new class providing for sonatas, classes independent of solo piano classes and open to all eligible contestants. They will compete for a lapel pin in two classes, under 13 and under 15 years, playing one movement of their own selection. The selection should not be less difficult than grade V Royal Conservatory of Music of Toronto.

Rule 14, which deals with directions concerning "own selection," has added to it: "selection must not have been used in previous Yale-Cariboo Musical Festivals." In all open classes where the entrant chooses his own selection a directive is printed in the syllabus which refers him to "Rule 14 re own selection." His copy of his selection must accompany his completed entry form.

Rule 27 states that test-pieces set out in the official syllabus must be performed in the prescribed key where specified. In 1953, transpositions are permissible in choral and vocal classes where the key is not prescribed and in junior vocal classes as specified. Teachers of rural classes are especially requested to note this rule.

Adjudicators at the festival will be Burton L. Kurth, music and voice; Miss Marie Lavoie, CDTA, dance; and Mrs. Leonora P. Patterson, drama, spoken verse and choral speaking.

City Council agreed to accept a price of \$118 from Cooper and Gifford of Penticton for the installation of a heating system in the pump-house at Okanagan Lake.

### Legion At Kelowna Will Appeal \$1000 Liquor Conviction

KELOWNA — Kelowna Branch 26 of the Canadian Legion has lost the first round in its fight to have a \$1,000 fine conviction quashed but the battle will be carried now to a higher court.

The membership, during the monthly meeting last week, approved carrying the Legion's case to the B.C. Court of Appeal. President Joe Fisher said the decision handed down by County Court Judge J. R. Archibald of Kelowna was "wrong."

Judge Archibald threw out the Legion's appeal against an earlier conviction in magistrate's court here on a charge of serving liquor to non-members. Minimum fine for a corporation upon conviction is \$1,000.

### Gavel Club Needs Deputy Instructors

Deputy instructors for the Junior Chamber of Commerce directed Gavel Club are urgently required, Lashley Haggman told the Jayvees at the regular meeting last Thursday.

About 50 members have registered for the courses and although sufficient instructors are available for the main lectures, the course still requires deputy instructors for the smaller groups into which classes are divided after the instructor has finished his main address.

The Jayvees also heard a report by Bob McDougall on the advertising and sales course. So far about 50 persons have enrolled. Classes are held on alternate Mondays in the Board of Trade rooms.

Initial reading of by-law 1152, a by-law authorizing the closing of lanes on Reidstoke avenue, was given at the council meeting Monday.

### Ring up another for MAGIC!

### GINGERBREAD DESSERT RING

Mix and sift 3 times, 1 1/2 c. once-sifted pastry flour (or 1 1/2 c. once-sifted hard-wheat flour), 2 tsp. Magic Baking Powder, 1/4 tsp. baking soda, 1/2 tsp. salt, 3/4 tsp. ground cinnamon, 1/2 tsp. ground ginger, 1/2 tsp. grated nutmeg, Cream 1/2 c. butter or margarine and blend in 1 1/2 c. lightly-packed brown sugar; gradually beat in 1 well-beaten egg and 1/2 c. molasses. Combine 2 1/2 c. buttermilk and 1/2 tsp. vanilla. Add dry ingredients to creamed mixture alternately with liquids and spread batter in greased 8" angel cake pan. Bake in rather slow oven, 325° about 50 mins. Serve with hard sauce which has been flavored with grated orange rind. Yield: 6 servings.
